

Guide to Wisconsin Hook and Line Fishing Regulations 2018-2019

Effective April 1, 2018 through March 31, 2019

**GRINS
& FINS**
(Wisconsin Fishing)

**Wisconsin Department of Natural Resources
Bureau of Fisheries Management**

Wisconsin Fishing.. it's fun and easy!

To use this pamphlet, follow these 5 easy steps:

- 1 Restrictions:** Be familiar with What's New on page 4 and the License Requirements and Statewide Fishing Restrictions on pages 8-11.
- 2 Trout fishing:** If you plan to fish for trout, please see the separate inland trout regulations booklet, *Guide to Wisconsin Trout Fishing Regulations, 2018-2019*, available online, from your license distributor, or any DNR Service Center.
- 3 Special regulations:** Check for special regulations on the water you will be fishing in the section entitled **Special Regulations-Listed by County** beginning on page 28.
- 4 Great Lakes, Winnebago System Waters, and Boundary Waters:** If you are planning to fish on the Great Lakes, their tributaries, Winnebago System waters or waters bordering other states, check the appropriate tables on pages 64-76.
- 5 Statewide rules:** If the water you will be fishing is not found in the **Special Regulations-Listed by County** and is not a Great Lake, Winnebago system, or boundary water, statewide rules apply. See the regulation table for General Inland Waters on pages 62-63 for seasons, length and bag limits, listed by species.

*** This pamphlet is an interpretive summary of Wisconsin's fishing laws and regulations. For complete fishing laws and regulations, consult the Wisconsin State Statutes Chapter 29 or the Administrative Code of the Department of Natural Resources. Consult the legislative website - <http://docs.legis.wi.gov> - for more information.*

Free Fishing Weekends— June 2-3, 2018 and January 19-20, 2019

Every year, the first consecutive Saturday and Sunday in June and the third Saturday and Sunday in January, are designated as Free Fishing Weekends throughout the state of Wisconsin. Residents and nonresidents of all ages can fish without a fishing license (and trout stamps) over these two days. However, all other fishing regulations (length limits, bag limits, seasons, etc.) apply.

Purchase your license

Information for 2018-2019

TROLLING

The trolling regulations that were considered temporary over the past few years have now been replaced by permanent trolling rules. Please check the county description for the current trolling regulations for each county.

WALLEYE FISHING IN SOUTHEASTERN WISCONSIN

New county-wide regulations for 6 southeastern counties (Kenosha, Racine, Sheboygan, Walworth, Washington and Waukesha): Only three walleye, sauger and hybrids may be kept and they must be at least 18".

LAKE TROUT FISHING ON LAKE MICHIGAN AND TRIBUTARIES

At the time the regulations went to print, the season and bag limits for lake trout on Lake Michigan and tributaries had not been determined. Consult dnr.wi.gov/topic/fishing/regulations for the latest information.

Fishing Licenses, Stamps, and Tags

Wisconsin residents who are 16 years old or older need a fishing license to fish in any waters of the state. A driver's license or social security number is required to purchase a license. Please note: A social security number is required to establish an account and purchase your first license. Residents need a fishing license to take rough fish by hand, hook and line or to spear fish where allowed. Residents do not need a fishing license to take smelt, rough fish, or minnows with nets, traps, and seines of legal size. (See the *Guide to Wisconsin Spearing, Netting, and Bait Harvest Regulations, 2018-2019* for additional regulations).

Nonresidents who are 16 years old or older need a nonresident fishing license to fish in Wisconsin waters with hook and line. Nonresidents need a fishing license to take rough fish by hand, hook and line, or to spear fish where allowed. Nonresidents of any age need a fishing license to take smelt, spear fish, or to take rough fish and minnows using nets, traps, and seines of legal size. Nonresidents may not sell minnows or smelt. (Obtain the *Guide to Wisconsin Spearing, Netting, and Bait Harvest Regulations, 2018-2019* for additional regulations).

Fishing licenses are sold at DNR Service Centers, License Sales Agents or online at gowild.wi.gov. Groups of disabled persons on fishing excursions conducted by nonprofit organizations may not need fishing licenses. Well in advance of your event, contact the WDNR Bureau of Customer Service and Licensing, 1-888-936-7463 or 608-266-2621 for more information.

All 2018 annual licenses are valid from date of purchase through March 31, 2019

License	Fee
Resident individual (annual) fishing license	\$20.00
Resident first-time buyer license — A reduced-price license for residents who have not purchased a license before or last purchased a license 10 or more years ago.	\$5.00
Resident one-day fishing license — If an angler purchases a resident individual (annual) fishing license later in the same license year, the cost of the one-day license will apply towards the purchase of that license. Please note: License does not include trout and salmon stamp privileges.	\$8.00
Resident combination (spousal) license — Issued to a legally married couple who meet residency requirements.	\$31.00
Resident sports license — This license allows for fishing and hunting of small game and gun deer. (Nonresident fee \$275)	\$60.00
Resident junior sports license -12 to 17 years (Nonresident fee \$36.00)	\$35.00
Resident reduced-rate fishing license — Required of anglers 16 and 17 years of age and anglers 65 years of age and older. Residents born before 1927 do not need a fishing license. Simply carry proof of age when fishing. Nonresident senior citizens must purchase a regular nonresident license.	\$7.00
Resident conservation patron license —This license serves as a substitute for separate licenses and stamp privileges for annual fishing, inland trout fishing, Great Lakes trout and salmon fishing, hook and line lake sturgeon harvest, hunting small game, turkey, pheasant, deer, waterfowl, archer hunting, and trapping (trapping for residents and qualified nonresidents only). You also receive an admission sticker for state parks, state forests and state trails, and a one-year subscription to Wisconsin Natural Resources magazine. (Nonresident fee \$600)	\$165.00
Resident junior conservation patron license - 10–17 years (Nonresident fee \$77.00)	\$75.00

Resident annual fishing licenses for the disabled — Anglers must annually provide one of the following as proof: Social Security Disability Award Notice for the current year, Letter from Social Security Administration advising the customer is currently (within the past year) receiving disability benefits, Letter or Notice of Railroad Retirement Disability, or signed statement from a licensed physician or optometrist indicating that the customer's sight is impaired to the degree that he/she cannot read ordinary newspaper print with or without corrective glasses. Discount applies to resident fishing license only. Disabled nonresidents need to buy a regular nonresident license.	\$7.00
Resident annual disabled veteran's fishing license —Veterans must provide one of the following as proof: Veteran's Disability Award Letter showing benefits are being paid for a disability of 70% or more, Letter from Veterans Administration that indicates customer is receiving benefits for a service-related disability of 70% or more, DNR-issued Wisconsin Resident Disabled Veteran or Former POW Park Admission Card. Nonresident disabled veterans must purchase a regular nonresident license.	\$3.00
Free annual resident armed forces fishing license for members of the U.S. armed forces who exhibit proof that they are in active service with the armed forces and that they are a resident on furlough or leave (includes the inland trout and Great Lakes salmon stamps).	NC
Nonresident individual (annual) fishing license	\$50.00
Nonresident first-time buyer license — A reduced-price license for nonresidents who have not purchased a license before or last purchased a license 10 or more years ago.	\$25.75
Nonresident one-day fishing license — If an angler purchases a nonresident individual (annual) fishing license later in the same license year, the cost of the one-day license will apply towards the purchase of that license. Please note: License does not include trout and salmon stamp privileges.	\$10.00
Nonresident 4-day individual license	\$24.00
Nonresident 15-day individual license	\$28.00
Nonresident 15-day family license —Includes children 16 & 17 years old (Please Note: Family licenses do not include grandchildren ages 16 & 17 years old).	\$40.00
Nonresident annual family license —Includes children 16 & 17 years old (Please Note: Family licenses do not include grandchildren ages 16 & 17 years old).	\$65.00
Annual inland trout stamp privilege (residents and nonresidents)— <i>See the Guide to Wisconsin Trout Fishing Regulations, 2018-2019</i> for license restrictions. Required in addition to your fishing license to fish trout on tributaries to Lake Superior and all inland waters, except Green Bay and Lake Michigan tributaries up to the first dam or lake.	\$10.00
Annual Great Lakes trout and salmon stamp privilege (residents and nonresidents)— Required in addition to your fishing license to fish trout or salmon on Lake Superior, Lake Michigan, Green Bay and the tributaries of Lake Michigan and Green Bay up to the first dam or lake.	\$10.00
Two-day sports fishing license for residents and nonresidents —This license entitles a resident or nonresident to fish the outlying waters of Lake Superior, Lake Michigan, and Green Bay, as well as Lake Michigan and Green Bay tributaries upstream to the first dam or lake. License includes the Great Lakes Trout and Salmon stamp privilege.	\$14.00
Two-day inland lake trout (<i>Salvelinus namaycush</i>) fishing license (residents only)—This license authorizes fishing for lake trout only on inland lakes. A general fishing license or trout stamp is not required to purchase this license.	\$14.00
Hook and line lake sturgeon harvest tag — Anglers who intend to harvest a lake sturgeon must purchase this tag first, regardless of age or need for a fishing license. Harvest tags are available for either inland waters or WI/MI boundary waters. A fishing license is required to fish for sturgeon (unless you are exempt), but a harvest tag is not required for catch and release sturgeon fishing (Nonresident fee \$50).	\$20.00

Inland Trout/Great Lakes Trout and Salmon Stamp Privileges

You must have an Inland Trout Stamp Privilege if you need a fishing license and intend to fish for trout or salmon in inland waters, including streams flowing into Lake Superior (except a trout stamp is not needed for fishing lake trout in inland lakes under the authority of the Two-day lake trout, *Salvelinus namaycush*, fishing license). You need a Great Lakes Trout and Salmon Stamp Privilege to fish for trout and salmon in Lake Superior, Lake Michigan, Green Bay, and streams that flow into Green Bay and Lake Michigan from their mouths up to the first dam or lake including the Milwaukee River upstream to the Grafton Dam in the village of Grafton and tributaries of the Milwaukee River upstream to the first dam or lake, and the Menomonee River upstream to the Lepper Dam in the village of Menomonee Falls and tributaries of the Menomonee River upstream to the first dam or lake. Anyone who is exempt from the requirements to have a fishing license or who is not required to pay a fee for a fishing license also does not need to purchase an Inland Trout or Great Lakes Trout and Salmon Stamp Privilege to fish for trout in those waters. One trout or salmon stamp covers all people on a family license. Please consult the ***Guide to Wisconsin Trout Fishing Regulations, 2018-2019*** for further trout and salmon information. For online information on Lake Michigan and its tributaries visit dnr.wi.gov/topic/fishing/lakemichigan.

Fishing and Sport Trolling Guide Licenses

Only licensed fishing guides and sport trollers may guide anglers for any compensation. Guide license fee is \$40 for a resident and \$100 for a nonresident and are needed to guide on any Wisconsin water. Sport trolling licenses are required for guiding any person in sport trolling for trout or salmon on any outlying water of lakes Superior and Michigan and Green Bay. Sport trolling license fee is \$100 for a resident and \$400 for a nonresident. Interested persons may call 1-888-936-7463 or 608-266-2621 for application materials or go online at dnr.wi.gov for license and permit information.

Hook and Line Lake Sturgeon Harvest Tag, Tagging, and Registration

Anglers who intend to harvest a lake sturgeon, regardless of age or need for a fishing license, must first purchase an inland tag (good for sturgeon harvest in inland waters and Lake Superior) or a WI/MI boundary water tag (good for sturgeon harvest on the Menominee River) online or from your local DNR Service Center or License Sales Agent. **You do not need a harvest tag to catch and release sturgeon on waters open to sturgeon fishing during the open hook and line season.** After you catch a lake sturgeon of legal length that you wish to keep, you must immediately validate your tag. If you don't plan to keep the fish, it must be immediately released. It is illegal to tether, keep, or possess a sturgeon without validating the tag. A harvested fish must be registered at a designated registration station no later than 6 p.m. the day after you caught the fish.

Go Wild - Enjoy Wisconsin's Wild Side

Go hunt, go fish, head out on the trails or load up the boat. You can Go Wild with these activities and more. To start, simply visit GoWild.WI.Gov or stop at one of more than 1,000 DNR license sales vendors and customer service locations.

The Go Wild system secures your license and registration information online – no more worries about losing your one and only copy. An optional conservation card provides access to your license and hunter safety certificates. GoWild.WI.Gov also acts as a portal to help you plan your adventure and make the most of Wisconsin's great outdoors. *Note: Anglers must carry a paper copy of their license/stamps when fishing the Great Lakes and boundary waters.*

Statewide Fishing Restrictions

IT IS ILLEGAL —

Licenses

- to fish in any waters of this state without a Wisconsin fishing license and stamp privilege as required. You must be able to present your fishing license to a warden on request. Even waters with no public access (including most private ponds) are considered waters of the state and the appropriate license, tag, or stamp is still generally required. *Note: An angler fishing in a man-made artificial pond that is not connected to any other waters of the state located entirely on private lands of one owner, does not need a fishing license if the owner has given the angler permission to fish in that pond. All other rules apply.*
- to possess, loan, or borrow another person's license, stamp, or tag.

Angling Methods and Lures

- to move live fish away from a water, except minnows that were purchased from a bait dealer may be moved under the conditions of the *Minnows and Bait Fish Regulations* on page 18.
- to fish with more than three hooks, baits, or lures.
- to take fish by any means other than hook and line unless otherwise allowed.
- to leave any fish line unattended except when using licensed setlines or bank poles. When fishing open water (water not covered by ice), anglers must remain within 100 yards of their line(s). Failure to immediately respond to any line (located in open water or on the ice) upon indication of a bite will be sufficient evidence that the line is unattended.
- to fish using the technique known as "jug" fishing in all waters of the state. Jug fishing is the use of any free floating, remote-controlled, or anchored buoyant device with attached hook and line that is not held or otherwise controlled by the angler with the use of a line.
- to possess or use spears, snag hooks, gill nets, trammel nets, hoop nets or fish traps (except where authorized) or to use or possess on the water unlicensed setlines, bank poles and trotlines. See the **2018–2019 Guide to Wisconsin Spearing, Netting, and Bait Harvest Regulations** for more information.
- to fish with a minnow 8 inches or longer unless using a "quick-strike rig" or a "non-offset circle hook". When using a quick-strike rig and a minnow 8" or longer for bait, you must immediately attempt to set the hook upon indication of a bite. A "quick-strike rig" is a bait rig that has one or more treble hooks attached to the body of a minnow, behind the head. This rig may also include a jig or other hook in the snout of a minnow. A "non-offset circle hook" means a hook that is curved in a circular or oval shape so the tip of the point is turned and perpendicular to the shank and is designed so that the tip end of the hook is not offset or angled sideways and is in alignment with the shank – see diagram below.

- to fish by snagging, foul-hooking, or attempting to hook fish other than in the mouth.
- to keep foul-hooked, snagged or any fish not hooked in the mouth.
- to take fish other than rough fish by hand.
- to take fish using a firearm, air gun, or similar device.
- to fish with a hook and line while operating a dip net from a boat or while in possession of a dip net. *Note: A landing net is not a dip net.*
- to possess or use a sinker release device while fishing.
- to tag or mark and release fish without first obtaining a scientific collectors permit.

Bait

- to release unused bait into Wisconsin's lakes, ponds, rivers, and streams.
- to possess live crayfish while fishing or while possessing angling equipment on any water. Note: For Mississippi River and outlying waters exceptions, see pages 66, 68, 72 & 74.
- to use goldfish, gobies or alewife in any form for bait in state waters except that alewife may be used on Lake Michigan, Green Bay and their tributary streams up to the first dam or lake.
- to remove insect larvae from a trout stream except that a licensed angler may take insect larvae or nymphs from trout streams by hand (no seines or nets) during the open trout season for their immediate personal use as bait in the stream from which they were taken. All unused larvae and nymphs must be returned to the stream prior to leaving the stream from which taken.
- to remove fish eggs for bait from under-sized fish or fish caught during the closed season for that species. Fish eggs may be removed from legal-sized fish and the fish returned to the water, but the fish would count toward the angler's daily bag limit. Live fish eggs cannot be transported away from the water.
- to use gamefish as bait unless they meet any length restriction for the water body you are fishing and are included in your daily bag limit for that species.
- to possess any bait on waters where only the use of artificial lures is authorized.

Seasons, Bag Limits, Length Limits, and Possession Limits

- to fish for a species of fish during the closed season for that species (includes catch and release fishing).
- to possess a fish that is above a maximum length limit or below the minimum length limit established for the waters being fished.
- to take, catch, kill, or fish for any variety of fish in excess of the daily bag limit or total daily bag limit (see definitions and table on page 13).
- to group bag. For example, if an angler catches a limit of 25 panfish and gives them to another person, the person catching the fish has attained their daily bag limit and can no longer keep panfish that day. Any fish received are considered part of the recipient's possession limit, but not part of their daily bag limit unless they are possessed while on the water, bank or shore of the water, ice, or while fishing.
- to possess or fish for more than the daily bag limit of fish while you're fishing or while you're on the water, shore of the water, or on the ice, regardless of number of days fished.
- to possess more than the possession limit (twice the total daily bag limit) at any time, except from the Wisconsin-Michigan boundary waters (defined on p. 64) where only one total daily bag limit can be possessed. The possession limit for the Great Lakes and their tributaries having anadromous trout is twice the total daily bag limit. The possession limit on trout in inland waters is 10.
- to transport fish subject to a length limit, unless you keep the carcasses of the fish with the fillet and the skin and scales remain intact (on the fillets) to show the fish still meet the length restrictions.
- to sort or cull fish except as authorized under certain bass fishing tournament permits. Any fish you take into possession which you do not release immediately is part of your daily bag limit even if it is released later. "Culling" is the release of a fish after it was held in an angler's possession to be replaced with another fish.
- to fish in trout streams for any species of fish when the trout season is closed except that rough fish may be taken by hand.

Restricted Fishing Areas

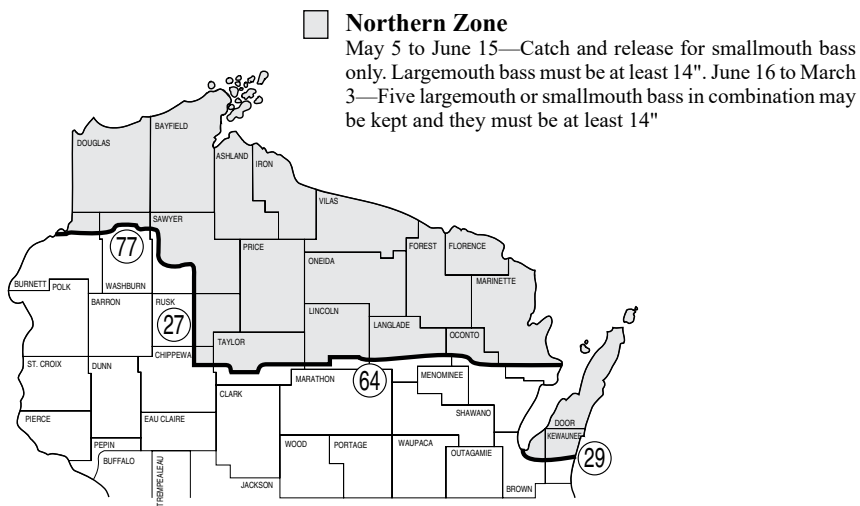

- to sponsor a fishing tournament (that needs a permit) without a permit from the DNR. See page 22 for tournament details and exemptions.
- to fish in fish refuges. Refuges are posted "No Fishing" with DNR or U.S. Fish and Wildlife Service signs. See additional information on page 20.
- to fish within 200 feet of a fishway, lock, or dam. Note: Unless posted otherwise, fish may be taken by hook and line and rough fish may be taken by hand year-round or by hand-held spear June 1 to August 31 where spearing is allowed within 200 feet of a fishway, lock or dam. It is not legal to take rough fish by hand or by spearing within 200 feet of a fishway, lock or dam located on the Wisconsin boundary waters with Iowa, Michigan or Minnesota.
- to fish within 500 feet of any DNR net or weir when the area is posted by the DNR.

Other

- to stock fish into Wisconsin waters (including private ponds) without first obtaining a stocking permit.
- to deposit fish carcasses or parts, including entrails or other waste, into Wisconsin waters or on the bank or shore of any water.
- to use or possess a box or container in which to hold live fish in any water of the state unless a legible tag bearing the owner or user's name and address is attached to the container. Containers and live boxes used by anglers while fishing are exempt from this requirement.
- to buy, sell, or trade any game fish. It is legal to sell rough fish (see the definition of rough fish on page 22). Selling rough fish to anyone other than the final consumer requires a wholesale fish dealers license unless you hold a commercial fishing license.
- to buy, sell, or trade minnows, frogs, or crayfish for use as bait without a bait dealer license (except residents under 16 years of age - see page 18 for details)
- to transport live rough fish (excluding suckers purchased for bait) or invasive species into or within the state without a permit from the DNR. Note: Rough fish or invasive fish that can be revived are considered live fish. Therefore, to ensure that rough fish, including Asian carp and other invasive fish are dead and no longer capable of being revived, they must be eviscerated (entrails removed) or other similar action be taken to assure the fish are dead before transporting them.
- to withhold catch and fishing effort information when interviewed by authorized DNR creel clerks.

Bass Management Zones

The following map identifies the boundary and regulation differences between the Northern and Southern Bass Management Zones. Check the **Special Regulations—Listed by County** for exceptions to the following statewide regulations. See tables on pages 69-73 for specific application of Northern and Southern Bass Management Zone rules for Lake Michigan, Green Bay, and their tributaries.

Ceded Territory

The Ceded Territory encompasses 22,400 square miles of northern Wisconsin that was ceded to the United States by the Lake Superior Chippewa Tribes in 1837 and 1842. Some special fisheries regulations occur in the ceded territory as a result of Chippewa off-reservation treaty rights as mandated by Federal Court rulings. Some waters may have more restrictive bag or length limits. Check for public notices at access points.

Ceded Territory Walleye Regulations

Most inland lakes and rivers within the Ceded Territory have a daily bag limit of **three (3)** walleye and most have a standard length regulation where walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 24". Length and bag limit exceptions to the standard regulation can be found in the **Special Regulations—Listed by County** section beginning on page 28.

Muskellunge and Northern Pike Management Zones

US Highway 10 divides the state into a northern and southern management zone for muskellunge and northern pike. Check the **Special Regulations—Listed by County** for exceptions to the following statewide regulations:

Northern Zone

(inland waters north of Highway 10

Waldo Blvd—excluding WI/MI boundary waters)

Muskellunge season & limits: May 26 to Nov. 30; Only one muskellunge may be kept and it must be at least 40".

Northern pike season & limits: May 5 to March 3; Five northern pike of any length may be kept. See *Tributary Streams to Green Bay and Lake Michigan* (p. 69) for exceptions.

Southern Zone

(inland waters south of Highway 10/Waldo Blvd)

Muskellunge season & limits: May 5 to Dec. 31; Only one muskellunge may be kept and it must be at least 40".

Northern pike season & limits: May 5 to March 3; Only two northern pike may be kept and they must be at least 26".

General Information

Anglers' Club

The *Hooked on Wisconsin Anglers' Club* is a program that acknowledges resident and nonresident anglers for their outstanding sport fishing catches. Anglers may apply for membership in the Live Release, Kept Fish, or Mixed Bag categories. For complete details, visit dnr.wi.gov/topic/fishing/anglersclub.

Artificial Lures

Some regulations restrict anglers to the use of only artificial lures. Artificial lure means a spoon, spinner, plug, or other fish bait made of hair, feathers, cork, wood, rubber, metal, plastic, or other synthetic materials, or combinations of these materials. An artificial lure may not include natural or organic food stuffs like corn, marshmallows, dough, cheese, meat, living or dead organisms or parts thereof, except hair, feathers, cork, wood, and rubber. Liquid scents sprayed on an artificial lure are legal to use when fishing waters where only artificial lures may be used.

Boating Information

A wearable personal flotation device (life jacket) of the correct size for the intended wearer must be available for each person in a boat. Additional boating information is contained in Wisconsin Boating Regulations available from any WDNR office, the web site, dnr.wi.gov, or by calling (608) 266-2141. Information on boat registration can be obtained from the website or by calling 1-888-936-7463 or 608-266-2621.

Camping and State Lands/Removal of Wood

Camping on state-owned lands is strictly prohibited except within designated camping areas. Check with the local DNR office for specific camping regulations. **Please – Don't Move Firewood.** Keeping firewood local helps protect Wisconsin's natural resources from emerald ash borer and other pests and diseases that move around on firewood. Removal of drift wood from a lakebed or State-owned properties is illegal without a DNR permit. Waterfront property owners must check with DNR water regulation staff to determine if a permit would be required to remove wood from a lakebed.

Catch and Release: It will grow on you!

Fish you wish to release, and fish not meeting the legal length limit, should be played as little as possible and handled carefully with wet hands. The fish should not be held out of the water longer than necessary to remove hooks, take a photograph, or measure the fish. If live release is intended, a quick-strike rig should be employed, where the hook is set immediately when a fish strikes to prevent deeply hooked fish. Deep-hooked fish, if meeting the legal limit, should be kept. If the fish does not meet the legal length limit it must be let go after cutting the line or leader as close to the hook as possible.

Clamming

There is no open season for taking live clams from any water of the state. It is illegal to possess live mussels or take dead mussel shells from the St. Croix and Namekagon rivers. It is illegal to possess or transport live zebra or quagga mussels without an invasive species permit. For complete mussel harvest information, go to dnr.wi.gov/topic/fishing.

Daily Bag/Total Daily Bag Limits

The **daily bag limit** is the maximum number of fish that an angler may possess or reduce to his/her possession from a specified waterbody in one day. The **total daily bag limit** is the maximum number of fish that an angler may reduce to his/her possession in one day from all waters fished for that day. An angler may combine the catch of a particular species from multiple waters until the total daily bag limit is reached as long as the daily bag limit for each body of water is never exceeded. Be aware that while on the water you may not possess more than the daily limit for that body of water. For example, an angler catches a daily limit of walleye from a 3-bag limit lake. The angler can not then fish another lake with a 2 walleye limit while still possessing the 3 walleye from the previous lake.

Total Daily Bag Limit (Catfish) - As an example, the daily bag limit on catfish for most waters is 10 in total (p. 62). However, the total daily bag limit is 25. That means you can combine your catch from multiple waters in a single day to get your total daily bag limit (25) as long as the daily bag limit for each body of water is never exceeded (e.g., 10 from one water, 10 from another water and 5 from a third water).

TOTAL DAILY BAG LIMITS FOR WISCONSIN FISH SPECIES*

Species	Total Daily Bag Limit
Catfish	25 in total; only one may be a flathead catfish if fishing Winnebago system waters (see page 76).
Cisco (lake herring), whitefish, and hybrids	
Inland waters	25 pounds and one fish in total
Outlying waters	10 in total
Lake sturgeon	1 per season
Largemouth and smallmouth bass	5 in total
Muskellunge	1
Northern pike	
All waters north of U.S. Hwy 10	5 in total
All waters south of U.S. Hwy 10	2 in total
Panfish (bluegill, pumpkinseed, yellow perch, white and black crappie)	25 in total
Rock bass, white and yellow bass, bullheads, and rough fish	None
Ruffe and gobies (and other nonnative detrimental fish)	0 but one of each may be killed and possessed for immediate delivery to a DNR Service Center or regional office.
Shovelnose sturgeon	3
Walleye, sauger, and hybrid (saugeye)	5 in total

* The total daily bag limit may be exceeded only on specific waters authorized or posted by the DNR. See the **2018-2019 Guide to Wisconsin Trout Fishing Regulations** for trout total daily bag limits.

Crayfish

- A fishing or small game license is required to take crayfish, unless under age 16.
- No person may use or possess live crayfish and angling equipment simultaneously on any inland water except the Mississippi River (see p. 66 for more details).
- Any non-native species of crayfish must be immediately killed.
- Crayfish traps placed in trout streams shall conform to the dimensions of minnow traps. See **Minnow and other Bait Fish Regulations** on page 18.

There are no bag or size limits on crayfish and no closed season except on the **Wisconsin/Minnesota boundary waters** where the open season is from May 1 to the following March 1, both dates inclusive.

Crayfish scoops may be used in **Wisconsin/Minnesota boundary waters** provided the scoops do not exceed 4 feet in length, 3 feet in width and 18 inches in depth attached to a handle not to exceed 4 feet in length.

Crayfish may be taken in all waters by the following means only: By hand, by use of minnow seines and minnow dip nets, where the same are permitted for the taking of minnows, and by crayfish traps (other than in trout streams) with any entrance to the trap not to exceed 2½ inches at the greatest diagonal measurement. Crayfish may not be taken by hook and line. Traps must bear the name and address of the owner and must be raised and emptied at least once each day following the day set.

Parts of fish, fish by-products including fish meal or prepared parts of such fish may not be used for bait unless: the fish were caught from the water being trapped, were obtained from a bait dealer, or were used with written authorization from the WDNR. Other meats (e.g., chicken and beef livers) may be used for bait for crayfish.

Floats or markers used to locate traps 1) may not exceed 5 inches in size, 2) may not extend more than 4 inches above the water surface, 3) must clearly display the name and address (in the English language) of owner or operator, and 4) must not be orange or any other fluorescent color.

Endangered and Threatened (E/T) Species

Without a permit, it is illegal to take, possess, transport, or sell any species that is included on the Wisconsin Endangered and Threatened Species List. Endangered fish species include: skipjack herring, crystal darter, gravel chub, bluntnose darter, starhead topminnow, goldeye, striped shiner, black redhorse, pallid shiner, and slender madtom. Threatened fish species include: blue sucker, black buffalo, longear sunfish, redbfin shiner, river redhorse, pugnose shiner, Ozark minnow, gilt darter, and paddlefish. Visit dnr.wi.gov/topic/endangeredresources to find additional listed species information.

Frogs

These regulations apply to native Wisconsin frog species, regardless of their origin.

- The open frog season runs from the Saturday nearest May 1 through December 31
- Up to 5 frogs may be taken and possessed without a license.
- No non-resident harvest or possession of frogs is allowed, except frogs possessed for use as fishing bait.
- More than 5 frogs may be collected for use as fishing bait, but no more than 5 of any species may be possessed for more than 24 hours
- Licensed bait dealers and registered fish farmers may possess more than 5 specimens of any unprotected amphibian species which are collected or possessed as part of a bait collection or shipment. Licensed bait dealers may sell frogs for use as fishing bait.
- It is illegal to take frogs by firearms or airguns.

Turtles

These regulations apply to all turtle species, regardless of their origin.

All residents and non-residents who collect, attempt to collect, or possess native Wisconsin aquatic turtles must possess one of the following resident or non-resident licenses: Fishing, Small Game, Sports, Conservation Patron, Setline*, or Set or Bank Pole*. (* These licenses are available only to residents). Existing Senior Citizen Recreational Cards also qualify. In addition to the licenses listed above, residents holding a Commercial Fishing License may harvest turtles on Mississippi River Boundary Waters. Note: Residents under the age of 16 do not need a license to take turtles but must comply with all other regulations. Some species are protected and may not be harvested.

Season

The open turtle season runs from July 15 through November 30. Turtles or turtle eggs may not be taken during the closed season.

Possession Limits

The possession limit for snapping turtles and softshell turtles is 3 statewide, except on the Mississippi River, where the possession limit is 10 for snapping turtles and 5 for softshell turtles. The possession limit for all other turtle species (not endangered or threatened) is 5 in total. There is no open season on Blanding's turtles.

It is illegal to sell native amphibians and reptiles, except persons with a Class A Captive Wild Animal Farm license may sell:

- 1) Eastern tiger salamanders, mudpuppies, and northern leopard frogs.
- 2) Native amphibians and reptiles not considered endangered and threatened, and collected outside the state, to out of state sources or to education or research institutions in-state.

In addition, it is legal to sell legally harvested dead turtles and their parts during the open season in Wisconsin.

Size Limits

- Snapping turtle size limits are a 12-inch minimum and a 16-inch maximum carapace (top shell straight front to back) length.
- There are no size limits for other turtles.

Harvesting Methods

- Turtles may be taken by hand, dip net, hook and line, set line, set or bank poles, hooking, or hoop net trap (see allowed design on p. 16). No other trap types are allowed.
- Setlines and set or bank poles must be licensed, tagged and used in compliance with rules on these lines for fishing. See *Guide to Wisconsin Setline, Set and Bank Pole Regulations, 2018-2019* for details.
- Turtles may not be taken by hook and line from trout streams during the closed trout season.
- Parts of fish, fish by-products including fish meal or prepared parts of such fish may not be used for bait unless: the fish were caught from the water being trapped, were obtained from a bait dealer, or were used with written authorization from the DNR. Other meats (e.g., chicken and beef livers) may be used for bait for turtles.

- The number of hoop traps that can be operated are 10 in Iowa-Wisconsin or Minnesota-Wisconsin boundary waters and 3 in all other waters of the state.

Hoop Net Trap Specifications

Traps must be made of stretchable fabric (e.g., nylon) and must have a minimum mesh stretch of 6 inches.

No wire mesh is allowed. Each trap must have a metal tag stamped or engraved with the name and address of the operator attached, and must be visible above the water's surface. The operator identified on the trap tag is the only person authorized to tend these traps. Traps must be set with the hoops exposed a minimum of 2 inches above the water's surface. Turtle traps must be checked and the entrapped contents removed at least once each day after the day they are set in all waters.

Game Fish, Rough Fish, and Minnows; Definitions

Game fish are defined as all varieties of fish (including those commonly referred to as panfish) except rough fish and minnows. **Rough fish** include: suckers, common carp, Asian carp (silver, bighead, black and grass), goldfish, redhorse, freshwater drum, burbot, bowfin, gar, buffalo, lamprey, alewife, gizzard shad, smelt, mooneye, and carpsuckers. **Minnows** include: suckers, mud minnow, madtom, stonecat, killifish, topminnow, silverside, sticklebacks, trout perch, darters, sculpins, and all species in the minnow family (except goldfish and carp).

Health Advisory for Eating Fish

Although fish are delicious and nutritious, some fish contain contaminants at levels that can pose health risks to people who eat fish frequently. To reduce your exposure to these contaminants, the state issues advice to help you plan what fish to keep as well as how often and how much fish to eat. Please read the information below and consult the complete fish consumption advisory as a guide to eating fish low in contaminants. Fish consumption advice is provided for fish that may contain mercury, polychlorinated biphenyls (PCBs), and other compounds.

Statewide mercury advisory: Mercury is found in almost all waters throughout the state. Wisconsin's statewide advice for most of Wisconsin's inland (non-Great Lakes) waters recommends that:

Women of childbearing years, nursing mothers and all children under 15 may eat:

- One meal per week of bluegill, sunfish, crappies, yellow perch, bullheads, inland trout; **and**
- One meal per month of walleye, northern pike, bass, catfish, and all other species
- Do not eat muskies.

Men, and women beyond their childbearing years may eat:

- Unrestricted amounts of bluegill, sunfish, crappies, yellow perch, bullheads, inland trout; **and**
- One meal per week of walleye, northern pike, bass, catfish, and all other species.
- One meal per month of musky.

Studies suggest that regularly including modest amounts of fish and shellfish (1 or 2 servings per week) in your diet can benefit your health. Little additional benefit is obtained from consuming more than that amount. And, for some waters, fewer meals should be eaten. On certain waters, where data indicates higher mercury levels, more restrictive advice is needed. In addition, fish purchased from stores or restaurants may contain mercury. Consult the fish consumption advisory booklet for the list of waters with exceptions to the above advice.

PCB advisory: PCBs are most often associated with industrialized river systems and the Great Lakes. Check the fish consumption advisory booklet for specific recommendations on how many meals you can safely eat of fish species caught from waters contaminated with polychlorinated biphenyls (PCBs), such as Lakes Michigan and Superior, some large rivers and other surface waters. PCBs tend to build up in fatty tissues, so you can reduce PCB levels in fish you eat by trimming away the fatty areas and properly cooking your fish. The advisory booklet contains more information on cooking and cleaning your fish.

Complete fish consumption advisory: You can download the complete fish consumption advisories directly: go to dnr.wi.gov and search "eating your catch". For a free, printed copy, call or write your local DNR office or local health department.

Ice Fishing

Statewide fishing restrictions apply (see p. 8). Fishing holes cut through the ice cannot measure more than 12 inches across. The doors of enclosed fishing shelters must be readily opened from the outside while occupied; they may be locked only while not occupied and not in use. The shelter owner's name and address (in English) must be legibly painted or otherwise affixed on the outside of the fishing shelter with block lettering a minimum of one inch square and in contrasting colors. Fishing shelters that are occupied or otherwise in use are exempt from this requirement. After the date for removing shelters from the ice, you may continue to use a portable shelter, but you must remove it daily when it is not occupied or in use. Shelters must be removed daily on the Fox River in Brown County from the DePere Dam downstream. All ice fishing shelters must be removed from the ice daily and when not in use:

- Lake Michigan, Green Bay, Lake Superior, and inland waters north of Highway 64 by the First Sunday following March 12.
- Inland waters south of Highway 64 by the First Sunday following March 1.
- Wisconsin-Michigan boundary waters by March 15.
- Wisconsin-Minnesota boundary waters by March 1.
- Wisconsin-Iowa boundary waters by February 20.

Invasive Species

Aquatic invasive species can crowd out native plants and animals and threaten the quality of boating and fishing in the waters we love. To prevent the spread of aquatic invasive species and diseases **Wisconsin law requires that you:**

INSPECT your boat, trailer, and equipment.

REMOVE any attached aquatic plants or animals (before launching, after loading &

before transporting on a public highway)

DRAIN all water from boats, motors and equipment (livewell, coolers, buckets, etc.).

NEVER MOVE live fish away from a waterbody.* Fish out of water are not considered live. Transport on ice is legal and recommended.

BUY minnows from a Wisconsin bait dealer and **USE** leftover minnows only under certain conditions.*

*You may take leftover minnows purchased from a Wisconsin bait dealer away from any state water and use them again on that same water. You may use leftover minnows on other waters only if no lake or river water, or other fish were added to their container. See fish-wisconsin.org for more information.

It is illegal to possess, introduce, transport, or transfer a live specimen of any nonnative fish species without a permit issued by the DNR. For exceptions and more details, visit dnr.wi.gov

It is illegal to possess, introduce, transport, or transfer a live nonnative crayfish without a permit issued by the DNR, except rusty crayfish when being used as bait on the Mississippi River.

Measuring Fish

Fish must be measured in a straight line from the tip of the snout with the mouth closed to the end of the compressed tail.

Minnows and other Bait Fish Regulations

You may take live minnows purchased from a Wisconsin bait dealer (which includes Wisconsin registered fish farms) away from a waterbody if any of the following three conditions are met:

- Anglers can take purchased minnows away from a lake or river and use them again on that same waterbody.
- Anglers can also take purchased minnows away from a waterbody and use them elsewhere if no lake or river water or other fish were added to the bait container.
- Anglers can also take purchased minnows away from a waterbody for use elsewhere if they intend to preserve them as dead bait using approved methods.

In each of these cases, minnows may be transported in the amount of water needed to keep the minnows alive, up to 2 gallons. No other fish may be held in the minnow container.

It is illegal for anyone to possess more than 600 minnows except licensed bait dealers and residents younger than 16 years who are selling the minnows for fishing bait. It is also illegal for nonresidents to sell minnows, crayfish, or frogs as bait. Residents 16 years or older must have a bait dealer's license to sell minnows, crayfish, or frogs for bait. Residents under 16 years can possess no more than 5,000 of each species and can sell less than \$500 worth annually without a bait dealer's license. Bait dealers and residents younger than 16 years are required to possess an approved wild bait harvest permit to harvest bait minnows from any approved location. Only licensed bait dealers

with a wild bait harvest permit and a nonstandard gear permit from the DNR may use minnow seines or minnow dip nets of any type or description in inland trout streams or tributary spring ponds. During the open trout season, people who do not possess a bait dealer's license can't use more than three minnow traps to harvest minnows from trout streams and these minnows may not be transported away from the stream alive. Minnow traps are not allowed in trout streams during the closed season for trout.

BAIT-MINNOW HARVEST IS CLOSED TO ALL PERSONS ON ALL VHS KNOWN AND SUSPECT WATERS. Minnow harvest gear is prohibited on these waters. Waters include Lake Michigan, Lake Superior, the Winnebago system, the Mississippi River, the Wisconsin River up to the Prairie du Sac Dam and all waters connected to these waters up to the first barrier impassable to fish. On all other waters, bait fish may be collected, possessed and used on the water they were caught on, or a connected water without a wild bait harvest permit if they are never transported away from the water, bank, or shore. Suckers may be harvested with dip nets from VHS waters (except Lake Superior), but cannot be taken away from the water alive. Dead bait (minnows or eggs) can be used unpreserved on the same water from where it was gathered, or on Lake Michigan or Green Bay, but otherwise must be preserved by a method that does not require refrigeration or freezing.

Bait minnows may be taken, where allowed, by the following methods only:

- Hook and line.
- With seines no more than 35 feet long with a mesh no larger than one-half inch stretch measure in inland waters. Fifty-foot lengths of seine may be used in Minnesota and Iowa boundary waters.
- With dip nets no more than eight feet in diameter or square.
- With traps no more than 24 inches long and 16 inches in diameter or square with a throat measuring one-and-a-half inches or less. All traps must bear their owner's name and address and be emptied at least once every 48 hours (once every 24 hours on trout streams). **Note: Except for bait dealers with the proper permits, the transporting of live, harvested minnows or suckers away from the water where they were caught is not allowed.**

Motor Trolling

Motor trolling is trailing a lure, bait, or similar device used to attract or catch fish from a boat while being propelled (forwards or backwards) by a motor or a sail or while being towed by a boat being propelled by a motor or sail.

Motor trolling is legal on all inland waters with either:

- 1 hook, bait or lure/person: maximum of 3 lines trolled per boat or
- 3 hooks, baits or lures/person with no maximum number of lines per boat.

The county-specific trolling regulations are listed in the Special Regulations—Listed by County section beginning on page 28. An angler who holds a Trolling Disability Permit and any other persons in the boat may troll using an electric trolling motor with up to 3 hooks, baits or lures per person on any water.

Native American Reservations

Native American reservations in Wisconsin are governed by a unique blend of federal, state, and tribal law. You should find out about current tribal policies for natural resources use at each tribal headquarters before entering a reservation to hunt or fish. Failure to do so may place you in conflict with the law and subject you to enforcement action.

Panfish

The term “panfish” is defined as any of the following species: bluegill, pumpkinseed, black and white crappie, yellow perch, green sunfish, warmouth and orangespotted sunfish.

Position Fishing

Position fishing is fishing from a boat where the fishing line extends vertically into the water while the boat is maneuvered (forwards or backwards) by a motor used to position or maintain the position of the boat over underwater structure. Position fishing is allowed statewide in all waters.

Record Fish

If you think you or someone else has caught a fish that may be a state record, here's what to do:

- don't clean or freeze the fish.
- keep the fish cool—preferably on ice.
- get the fish weighed as soon as possible on a certified scale (found in grocery, hardware stores, etc.) and witnessed by an observer.
- contact the nearest DNR office to get the fish species positively identified and to find out whether the fish is a state record.

See page 21 for a partial list of current state record fish. For a complete list of Wisconsin's record fish, check the DNR website, dnr.wi.gov, contact any DNR Service Center or write to: Wisconsin Department of Natural Resources, Bureau of Fisheries Management, FH/4, P.O. Box 7921, Madison, WI 53707.

Refuges, Fish

Occasionally, fish need additional protection during critical times of their lives. Fish refuges are one of the tools a fisheries biologist uses to provide this protection. Refuges are generally created to protect spawning fish or the nursery areas of developing fish. All refuges are posted with No Fishing signs from the DNR or the US Fish and Wildlife Service. It is illegal to enter or disturb, take, catch, capture, kill, or fish for fish in any manner in a posted refuge. Some refuges are operated year round, while others restrict angler access seasonally. Anglers should contact their local fisheries biologist for more detailed information on refuges in their immediate area.

Residency, Establishing

You are eligible to obtain a resident license or a nonresident license at the resident fee if:

- immediately before applying for a license, you have maintained your permanent residence and have lived in Wisconsin for a period of 30 days. Ownership of property and payment of property tax do not alone establish residency. The location where the person votes, pays personal income taxes or obtains a driver's license are also factors that influence residency.
- you are 16-17 years old and have a parent that is a Wisconsin resident.
- you are a non-resident in active service in the U.S. Armed Forces (Army, Navy, Air Force, Marine Corps, Coast Guard and Maritime Service) and are either stationed in Wisconsin or were a Wisconsin resident when you joined the service.

Wisconsin's Hook and Line Record Fish

(For a complete list contact any DNR office)

Species	Weight	Date caught	Location caught
Bass, Largemouth	11 lbs. 3 oz.	10/12/1940	Lake Ripley, Jefferson Co.
Bass, Smallmouth	9 lbs. 1 oz.	06/21/1950	Indian Lake, Oneida Co.
Bass, Rock	2 lbs. 15 oz.	06/02/1990	Shadow Lake, Waupaca Co.
Bass, Hybrid Striped	13 lbs. 14.2 oz.	03/16/2002	Lake Columbia, Columbia Co.
Bass (White)	4 lbs. 6 oz.	09/24/1977	Okauchee Lake, Waukesha Co.
Bluegill	2 lbs. 9.8 oz.	08/02/1995	Green Bay, Brown Co.
Buffalo, Bigmouth	76 lbs. 8 oz.	06/21/2013	Petenwell Flowage, Adams Co.
Bullhead, Black	5 lbs. 8 oz.	09/02/1989	Big Falls Flowage, Rusk Co.
Bullhead, Brown	4 lbs. 2 oz.	07/07/2006	Little Green Lake, Green Lake Co.
Bullhead, Yellow	3 lbs. 5 oz.	06/06/1983	Nelson Lake, Sawyer Co.
Carp, Common	57 lbs. 2 oz.	08/28/1966	Lake Wisconsin, Columbia Co.
Catfish, Channel	44 lbs. 0 oz.	1962	Wisconsin River, Columbia Co.
Catfish, Flathead	74 lbs. 5 oz.	03/30/2001	Mississippi River, Vernon Co.
Crappie, Black	4 lbs. 8 oz.	08/12/1967	Gile Flowage, Iron Co.
Crappie, White	3 lbs. 13.1 oz.	05/04/2003	Cranberry Marsh, Monroe Co.
Drum (Sheepshead)	35 lbs. 4 oz.	08/29/1992	Mississippi River, Crawford Co.
Muskellunge	69 lbs. 11 oz.	10/20/1949	Chippewa Flowage, Sawyer Co.
Muskellunge, Tiger	51 lbs. 3 oz.	07/16/1919	Lake Vieux Desert, Vilas Co.
Northern Pike	38 lbs. 0 oz.	08/06/1952	Lake Puckaway, Green Lake Co.
Perch, Yellow	3 lbs. 4 oz.	1954	Lake Winnebago, Winnebago Co.
Pumpkinseed	1 lb. 2 oz.	05/27/2003	Big Round Lake, Polk Co.
Salmon, Coho	26 lbs. 1.9 oz.	08/21/1999	Lake Michigan, Milwaukee Co.
Salmon, Chinook	44 lbs. 15 oz.	07/19/1994	Lake Michigan, Door Co.
Sauger	6 lbs. 6.7 oz.	03/19/2009	Mississippi River, Pierce Co.
Sturgeon, Lake	170 lbs. 10 oz.	09/22/1979	Yellow Lake, Burnett Co.
Sturgeon, Shovelnose	7 lbs. 5 oz.	09/07/1998	Mississippi River, Vernon Co.
Trout, Brook (inland)	9 lbs. 15 oz.	09/02/1944	Prairie River, Lincoln Co.
Trout, Brook (outlying)	10 lbs. 1 oz.	06/08/1999	Lake Michigan, Ozaukee Co.
Trout, Brown (inland)	18 lbs. 6 oz.	05/07/1984	Geneva Lake, Walworth Co.
Trout, Brown (outlying)	41 lbs. 8 oz.	07/16/2010	Lake Michigan, Racine Co.
Trout, Lake (inland)	35 lbs. 4 oz.	06/01/1957	Green Lake, Green Lake Co.
Trout, Lake (outlying)	47 lbs. 0 oz.	09/09/1946	Lake Superior, Bayfield Co.
Trout, Rainbow (inland)	12 lbs. 3 oz.	06/15/2006	Elbow Lake, Marinette Co.
Trout, Rainbow (outlying)	27 lbs. 2 oz.	07/26/1997	Lake Michigan, Kewaunee Co.
Walleye	18 lbs. 0 oz.	09/16/1933	High Lake, Vilas Co.

- you are a full-time non-resident/ student in residence at any Wisconsin public or private college or university offering degree; or,
- you are a citizen of a foreign country temporarily residing in the state while attending a Wisconsin high school or agricultural short course in the UW system.

Rough Fish

Suckers, redhorse, carp, and other rough fish (unless listed as threatened or endangered, p. 14) may be taken by hand or hook and line. However, it is illegal to fish by hook and line in a trout stream during the closed trout season. (See separate **2018–2019 Spear-*ing, Netting, and Bait Harvest Regulations***). Note: Unless posted otherwise, fish may be taken by hook and line and rough fish may be taken by hand year-round or by hand-held spear June 1 to August 31 where spearing is allowed within 200 feet of a fishway, lock or dam. You may return rough fish taken by hand or hook and line to the water. Rough fish taken by spear or bow and arrow may not be returned to the water. Dispose of them properly; do not leave them on shore or on the ice. Asian carp (e.g. bighead carp, black carp, silver carp, and grass carp) can survive long periods out of the water, especially if placed on ice. Transportation restrictions on rough fish include:

- It is illegal to transport a live Asian carp unless in possession of a state permit from the WI DNR and a federal permit from the U.S. Fish and Wildlife Service.
- A fish, even one held out of water that can be revived is considered a live fish (if put back into water, it will return to life) for the purposes of the rough and invasive fish transportation restrictions.
- To ensure that rough fish, including Asian carp and other invasive fish are dead and no longer capable of being revived, the fish must be eviscerated (entrails removed), the gills cut, or some other similar action be taken to assure fish are dead before transporting them.

Tagged Fish and Tagging Fish

DNR fisheries biologists attach tags to fish for research purposes. If you catch a tagged fish, please notify the nearest DNR office with the tag number, when and where the fish was caught, its length, and its weight. If you keep the fish, send in the tag; if you release it, leave the tag on the fish but be sure to record the tag number. By including your contact information, the biologist will be able to send back to you information about the tagged fish. It is illegal for anyone to catch, tag, mark, or attach any object and release a fish without first obtaining a scientific collector's permit.

Tournament Permits

A permit is required from the DNR to hold a fishing tournament where the waters to be fished are identified by name, where participants compete for prizes, and where any of the following apply: the tournament either involves 20 or more boats or 100 or more participants; the tournament includes any trout species on classified trout streams; the tournament is a catch-hold-release tournament with an off-site weigh-in; or, the total prize value is \$10,000 or greater. Application fees must accompany applications and vary depending on the type of tournament and the amount of prizes being awarded. Details regarding application fees and other information on rules governing fishing tournaments can be found online at: dnr.wi.gov/topic/fishing/fishingtournaments/. Applications for holding a fishing tournament can also be submitted online. Results of the tournament must be reported on forms provided with the permit and returned to: DNR Fishing Tournaments, PO Box 7921, Madison, WI 53707.

Urban and Community Fishing

Urban fishing waters are small lakes and ponds under 25 acres that are intensively and cooperatively managed with a municipality. They are posted with signs, have special regulations and their shoreline is accessible to the public.

- The following urban waters have a year-round season, no length limits, and a special season (March 10 thru April 27, 2018) for juveniles 15 years of age and younger and certain disabled anglers. They also have a daily bag limit of three (3) trout, one (1) gamefish (largemouth bass, smallmouth bass, walleye, sauger, and northern pike), and ten (10) panfish (bluegill, crappie, pumpkinseed, yellow perch, and bullhead).

Posted waters: **Kenosha County:** Anderson Park, Bong Children's Pond, **Milwaukee County:** Brown Deer Park, Dineen Park, Estabrook Park, Franklin High School, Greenfield Park, Holler Park, Humboldt Park, Jackson Park, Juneau Park, Kosciuszko Park, McCarty Park, McGovern Park, Miller Park, Mitchell Park, Oak Creek Parkway, Saveland Park, Schoetz Park, Scout Lake, Sheridan Park, Washington Park, Wilson Park; **Outagamie County:** Appleton Memorial Pond; **Ozaukee County:** Harrington Beach Quarry, Mequon Rotary Park East and West, Pucketts Pond, Schowalter Park, Willow Brooke Park; **Racine County:** Gorney Park, Johnson Park, Lockwood Park, Pritchard Park, Quarry Lake, Reservoir Park; **Rock County:** Lions Park Pond **Sheboygan County:** Kohler-Andrae State Park Pond, Sheboygan Quarry, Memorial Park, River Park Lagoon ; **Walworth County:** Ceylon Lagoon, Congdon Park, Millpond Park Pond; **Washington County:** Boot Lake, Hartford Millpond, Homestead Hollow Park, Kewaskum Millpond, Regner Pond, Sandy Knoll Park, Wells Lake, Wiedenbach Park Pond; **Waukesha County:** Calhoun Park, Delafield Rearing Pond, Foxbrook Pond, Heyer Park North and South, Lapham Peak Pond, Lepper Dam Millpond, Lions Park-Overland, Menomonee Park, Minooka Park, Muskego Park, Nixon Park, Regal Park, and Woodfield North and South.

Current fish stocking and regulation information for southeastern waters is available from February 15th through November 15th on the 24-hour Urban Waters Fishing Hotline at 414/263-8494 in the Milwaukee Metro Area or toll free at 1-888-FISH-LNE (1-888-347-4563).

- The following urban waters have a year-round season and no length limits. *Note: Only juveniles 15 years of age and younger and certain disabled anglers may fish these waters.* These waters have a daily bag limit of three (3) trout, one (1) gamefish (largemouth bass, smallmouth bass, walleye, sauger, and northern pike), and ten (10) panfish (bluegill, crappie, pumpkinseed, yellow perch, and bullhead).

Posted waters: **Brown County:** Manger Lagoon - city of Green Bay; **Dane County:** Token Creek ponds, Syene ponds; **Langlade County:** Remington Lake; **Lincoln County:** Mirror Lake.

Viral Hemorrhagic Septicemia

Viral Hemorrhagic Septicemia, or VHS, is a serious fish disease that was found in Wisconsin in 2007. VHS is not a threat to human health, but it can affect a variety of Wisconsin fishes and cause large fish kills. To find out more about VHS and the current rules to minimize the spread of this deadly fish disease, visit the DNR website at dnr.wi.gov/topic/fishing/vhs.

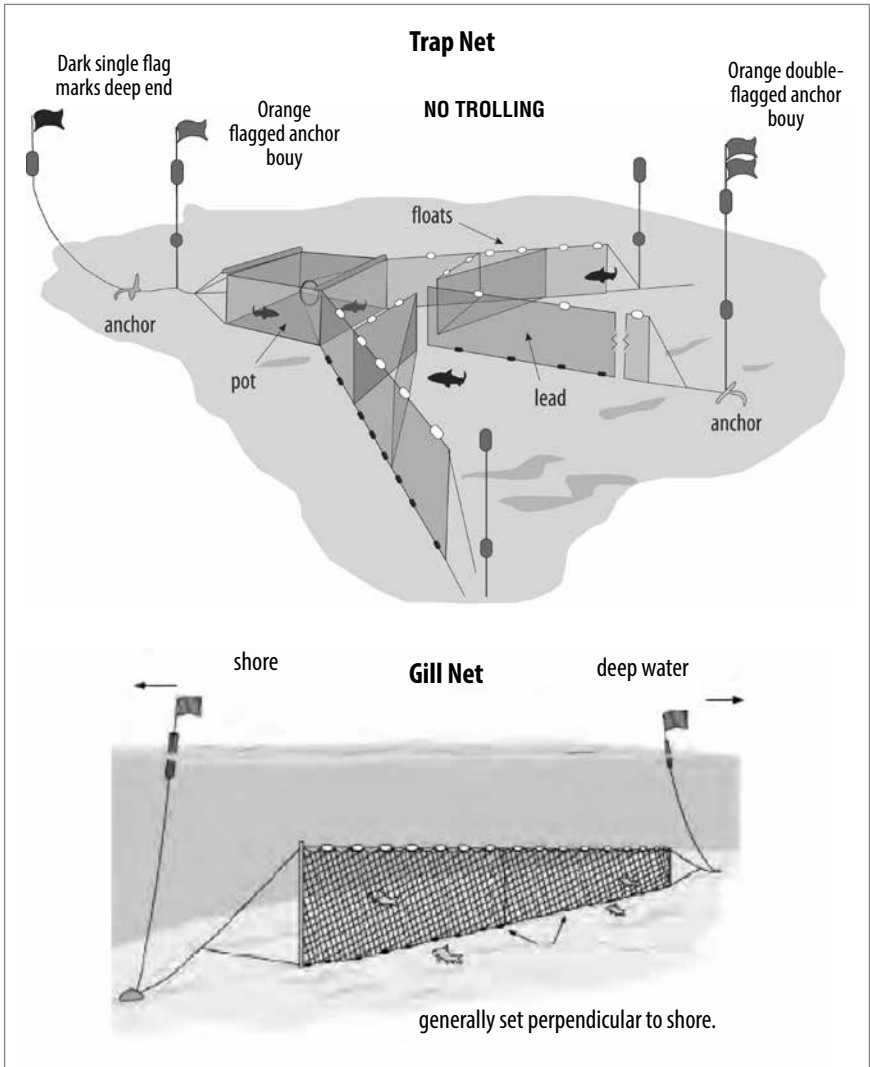

Warden Authority

Conservation wardens performing their duties may enter private land at any time. Wardens may also seize as evidence all fish taken or possessed in violation of the law, and any equipment used in connection with a violation. Wardens do not have the authority to enforce trespass laws.

Great Lakes and Mississippi River Commercial Fishing Nets

Anglers and boaters on the Great Lakes and Mississippi River may encounter commercial trap nets and gill nets. All state-licensed commercial gear are required to be marked with floats or staff/flag combinations. Anglers and boaters should give wide berth to any markers, since anchor lines may extend several hundred feet in any direction from the floats or flags and along the length of the gear. The diagrams below can assist sport anglers and boaters in avoiding entanglement of fishing gear or boat propellers.

Tampering with commercial fishing gear is illegal. Removal or destruction of marker buoys and flags or other disturbance of gear often results in the waste of a valuable resource, since the nets continue to catch fish. They also can create safety problems for others on the water..

Natural Shorelines are Good for Fishing

By keeping shorelines natural, you can help protect water quality and improve fish habitat. A shoreline without trees and shrubs can get washed away, making the water muddy and unsuitable for fish. If you live near a lake or a river, plant a buffer strip along the water's edge using trees, shrubs, wildflowers or other native plants. Trees and other vegetation filter pollution and provide shade, shelter, habitat, and food critical for bass, trout, and other fish to thrive and reproduce. Keep your favorite fishing spots well vegetated! For more tips and information, visit <http://water.epa.gov/type/lakes/index.cfm> or dnr.wi.gov and search "shoreline".

How much does my fish weigh?

Don't have a scale? No problem.
Reach for a tape measure and find the answer.

Use these equations to find the weight of your fish:

-  bass = (length x length x girth) / 1,200
-  pike = (length x length x length) / 3,500
-  sunfish = (length x length x length) / 1,200
-  trout = (length x girth x girth) / 800
-  walleye = (length x length x length) / 2,700

For example, you catch a 16" trout with an 8" girth. Using the equation for trout above: $(16 \times 8 \times 8) / 800 = 1.25$ pounds. Your trout would weigh about 1 and a quarter pounds.

Note: Results are rough estimates only. Actual weights vary slightly by waterbody.

Know your Wisconsin fishes. 1 - muskellunge, 2 - largemouth bass, 3 - smallmouth bass, 4 - northern pike, 5 - warmouth, 6 - pumpkinseed, 7 - white crappie, 8 - walleye, 9 - bluegill, 10 - rock bass, 11 - green sunfish, 12 - sauger, 13 - yellow perch, 14 - white bass, 15 - black crappie, 16 - shovelnose sturgeon, 17 - flathead catfish, 18 - channel catfish, 19 - lake sturgeon, 20 - lake trout, 21 - brown trout (GL), 22 - chinook salmon, 23 - rainbow trout, 24 - brown trout, 25 - coho salmon, 26 - steelhead, 27 - brook trout.

Do you know your Wisconsin fishes? (answers on page 25)

Identification materials can be found online at:

Wisconsin Fish <http://www.seagrant.wisc.edu/home/Default.aspx?tabid=604>

Fishes of Wisconsin (online): <http://www.fow-ebook.us/index.jsp>

Good Fishing Depends on Clean Water

Many of our lakes and rivers are experiencing algae blooms that cover our favorite fishing spots with green slime and often cause fish kills. The cause is usually nitrogen and phosphorus pollution that comes from farm and lawn fertilizers, septic systems, animal waste and sewage treatment plants. Here's what you can do to keep the water clean:

- Take care not to over fertilize and closely follow package instructions
- Pick up pet waste and properly manage waste from livestock
- Use green practices such as rain barrels, rain gardens, and permeable pavements
- Maintain septic systems
- Encourage your community to invest in its wastewater infrastructure

Supporting water quality protection supports great fishing! Learn more at: www.epa.gov/nutrientpollution/.

Special Regulations—Listed by County

Remember: These regulations apply in addition to the statewide general regulations! Trout regulations are covered in a separate booklet. ☆ identifies a quality fishing opportunity.

Great Lakes, Tributaries, Winnebago System Waters, and Boundary Waters—see pages 64–76.

ADAMS

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Arrowhead Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- **Camelot Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- **Crooked Lake:** During May and June, 15 panfish may be kept, but no more than 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **Mason Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- **Parker Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18". 15 panfish may be kept, but no more than 5 of any one species.
- **Sherwood Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- ☆ **Wisconsin River (including Castle Rock and Petenwell Flowages and sloughs, bayous, and flowages upstream to the first dam or highway bridge):** ➡ . Only one northern pike may be kept and it must be at least 32". Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28". Muskellunge must be at least 50".

ASHLAND

Ashland County is in the ceded territory (see page 11 for additional ceded territory information). Tributaries to Lake Superior have different regulations for walleye, sauger, and northern pike (see p. 74). Motor trolling is permitted county-wide (3 hooks, baits or lures per person) With the exceptions below, Northern Bass Zone rules apply (see the base regulations on p. 10).

- **Beaver Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Butternut Lake:** 25 panfish may be kept, but no more than 10 of any one species. Three walleye of any length may be kept, but only one fish can be over 14". Muskellunge must be at least 28".
- ☆ **Day Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Muskellunge must be at least 28".
- ☆ **East Twin Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Muskellunge must be at least 28".
- **English Lake:** Muskellunge must be at least 28".
- **Flambeau River (North Fork from Upper Park Falls Flowage (Price Co) to Turtle Flambeau Flowage (Iron Co) and tributaries up to the first dam or lake):** Walleye of any length may be kept, but only one fish can be over 14".
- **Gordon Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Kakagon River and Slough:** Only one largemouth or smallmouth bass may be kept and it must be at least 22".
- ☆ **Lake Galilee:** The bag limit on panfish is 10 in total.
- **Lake Superior:** See the Lake Superior regulations on page 74.
- ☆ **Lake Three:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Little Clam Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **Mineral Lake:** Walleye of any length may be kept, but only one fish can be over 14". Only one largemouth or smallmouth bass may be kept and it must be at least 18". Muskellunge must be at least 28".
- **Potter Lake:** Muskellunge must be at least 28".
- **Spider/Moquah Chain:** Walleye must be at least 18". Muskellunge must be at least 28".

- ☆ **Spillerburg Lake:** Walleye of any length may be kept, but only one fish can be over 14". Only one largemouth or smallmouth bass may be kept and it must be at least 18". Muskellunge must be at least 28".
- **Upper Park Falls Flowage:** Walleye of any length may be kept, but only one fish can be over 14".
- **Zielke Lake:** Walleye of any length may be kept, but only one fish can be over 14".

BARRON

Barron County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person)

- **Bass Lake (T33N R10W S34):** Only two northern pike may be kept and they must be at least 26".
- **Bear Lake:** Largemouth or smallmouth bass of any length may be kept. Walleye must be at least 18"
- **Beaver Dam Lake:** Walleye must be at least 18".
- **Chetek Chain of Lakes (Prairie, Chetek, Pokegama, Mud, and Ten Mile Lakes):** Only two northern pike may be kept and they must be at least 26".
- **Chetek River (below the Chetek Dam).** Northern pike of any length may be kept and the daily bag limit is 5.
- **Dummy Lake, Big:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18". Only two northern pike may be kept and they must be at least 26".
- **Dummy Lake, Little:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18". Only two northern pike may be kept and they must be at least 26".
- ☆ **Hemlock Lake:** Walleye must be at least 18".
- **Horseshoe Lake (T34N R14W):** Only two northern pike may be kept and they must be at least 26".
- **Horseshoe Lake (T36N R14E):** Largemouth or smallmouth bass of any length may be kept. Walleye must be at least 18".
- **Loon Lake:** Walleye of any length may be kept, but only one fish may be over 14".
- ☆ **Red Cedar Lake:** Walleye must be at least 18".
- ☆ **Rice Lake:** Muskellunge must be at least 50".
- **Staples Lake:** Only two northern pike may be kept and they must be at least 26".
- ☆ **Stump Lake:** Muskellunge must be at least 50".
- **Turtle Lake, Lower:** Largemouth or smallmouth bass of any length may be kept. Walleye must be at least 18".
- **Turtle Lake, Upper:** Largemouth or smallmouth bass of any length may be kept. Walleye must be at least 18".

BAYFIELD

Bayfield County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person) Tributaries to Lake Superior have special regulations for walleye, sauger, and northern pike. See the Lake Superior regulations on page 74. With the exceptions below, Northern Bass Zone rules apply (see base regulation on p. 10)

- ☆ **Atkins Lake:** Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18".
- **Bladder Lake:** Only 10 panfish may be kept.
- ☆ **Bony Lake:** Only 10 panfish may be kept. Only walleye and sauger less than 14" may be kept, except one fish over 18" may be kept.

Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

identifies quality fishing opportunity

- ☆ **Cable Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Combined management with Wiley Lake: only one bass in total from both lakes.
- ☆ **Diamond Lake:** Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18". Only two northern pike may be kept and they must be at least 26".
- ☆ **Eau Claire Lake, Lower:** Walleye must be at least 18". Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18",
- ☆ **Eau Claire Lake, Middle:** Only 10 panfish may be kept. Only walleye and sauger less than 14" may be kept, except one fish over 18" may be kept. Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18",
- ☆ **Eau Claire Lake, Upper:** Walleye must be at least 18". Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18",
- **Inch Lake:** Artificial lures only. Fish may not be harvested (catch and release only).
- **Lake Owen:** Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18". Walleye must be at least 18".
- ☆ **Namekagon Lake (including Jackson and Garden lakes):** Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18". Muskeg-lunge must be at least 50".
- ☆ **Pigeon Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- ☆ **Pike Lake Chain (includes Buskey Bay, Millicent, Hart, Twin Bear, Eagle, Flynn, and McCarry lakes combined):** Only walleye and sauger less than 14" may be kept, except one fish over 18" may be kept.
- **Sawdust Lake:** Only 10 panfish may be kept.
- **Lake Superior:** See the Lake Superior regulations on page 74.
- ☆ **Wiley Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Combined management with Cable Lake: only one bass in total from both lakes.

BROWN

The daily bag limit on catfish is 25, county-wide. A portion of Brown County is in the Northern Bass Zone (see base regulations on p. 10). Motor trolling is permitted county-wide (3 hooks, baits or lures per person)

- **Fox River:** Upstream to the De Pere Dam is considered part of Lake Michigan. See the Lake Michigan regulations on page 72. From the dam at De Pere upstream is considered inland water. ➤ The open season on muskellunge is May 26 to November 30 and they must be at least 50". From the De Pere Dam upstream, walleye, sauger, and their hybrids of any length may be kept and there is a continuous open season.
- **Green Bay:** See the Lake Michigan regulations on page 72.
- **Lilly Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18". Only 10 panfish may be kept.
- **Manger Lagoon:** Is an urban fishing water. See regulation details on pages 22-23.
- **Tributary Streams to Green Bay:** See the tributary streams regulations on page 69.

BUFFALO

Motor trolling is permitted county-wide (3 hooks, baits or lures per person)

- **Chippewa River upstream from the Chicago, Burlington, and Quincy Railroad Bridge** (includes tributaries of the river from their mouths up to the first road or railroad bridge) ➤ Five northern pike of any length may be kept.
- **Mississippi River:** Is part of the Wisconsin-Minnesota boundary waters: See page 66 for those regulations.

BURNETT

Burnett County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person) *With the exceptions below, there is no minimum length limit on largemouth and smallmouth bass*

in all waters of Burnett County. A portion of Burnett County is in the Northern Bass Zone (see base regulations on p. 10)

- **Big McKenzie Lake:** Walleye must be at least 18".
- **Dunham Lake:** Only two northern pike may be kept and they must be at least 26".
- **Middle McKenzie Lake:** Walleye must be at least 18".
- **Namekagon River:** Largemouth and smallmouth bass must be at least 14".
- **St. Croix River (including flowages):** Where the St. Croix River forms the boundary between Wisconsin and Minnesota, boundary water regulations apply. See those regulations on page 66. Largemouth and smallmouth bass must be at least 14".
- **Totagatic River:** Largemouth and smallmouth bass must be at least 14".
- **Webb Lake:** Is included in the Southern Bass Management Zone (see page 10).

CALUMET

The county-wide daily bag limit on catfish is 25, except on Lake Winnebago system waters (see p. 76). Motor trolling is permitted county-wide (3 hooks, baits or lures per person)

- **Lake Winnebago:** See the Winnebago System Waters regulations on p. 76.

CHIPPEWA

Chippewa County is in the ceded territory (see page 11 for additional ceded territory information). A portion of Chippewa County is in the Northern Bass Zone (see base regulations on p. 10). Motor trolling is permitted county-wide (3 hooks, baits or lures per person)

☆ **Chippewa River** (each of the following river segments or flowage is treated as a separate water):

- ✦ **Dells Pond in Eau Claire County upstream to Chippewa Falls Flowage Dam:** Only three walleye less than 14" may be kept except one may be over 18".
- ✦ **Chippewa Falls Flowage Dam upstream to Lake Wissota Dam:** Only three walleye less than 14" may be kept except one may be over 18".
- ✦ **Lake Wissota upstream to Old Abe Flowage Dam in Jim Falls, including the Yellow River upstream to Svetlik Dam at Cadott:** Only three walleye less than 14" may be kept except one may be over 18". Muskellunge must be at least 50".
- ✦ **Old Abe Flowage upstream to Cornell Flowage Dam:** Only three walleye less than 14" may be kept except one may be over 18".
- ✦ **Cornell Flowage upstream to Lake Holcombe Dam:** Only three walleye less than 14" may be kept except one may be over 18".
- ✦ **Lake Holcombe upstream to the Arpin dam in Sawyer County, including the Flambeau river upstream to the Thornapple flowage dam in Rusk County:** Only three walleye less than 14" may be kept except one may be over 18".
- ✦ **Lake Holcombe including the Chippewa River upstream to the confluence with the Flambeau River, to the mouth of Main Creek, and to the mouth of the Jump River:** Muskellunge must be at least 50".
- **Hodge Lake:** Only 10 panfish may be kept.
- **Island Chain of Lakes (Chain, Clear, Island, and McCann):** Largemouth and smallmouth bass of any length may be kept. Only three walleye may be kept and they must be over 18".
- **Jump River (includes tributaries from their mouths upstream to the first dam or lake):** Only three walleye less than 14" may be kept, except one fish over 18" may be kept.
- ☆ **Long Lake (T32N, R8W) including Dark and Herde lakes:** Only three walleye may be kept and they must be over 18". Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be 18". Only 10 panfish may be kept.
- **Round Lake:** Only largemouth and smallmouth bass less than 14" may be kept, except one fish over 18" may be kept.
- **Sand Lake:** Only three walleye may be kept and they must be over 18". Largemouth and smallmouth bass of any length may be kept.

Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

identifies quality fishing opportunity

- **Yellow River downstream from the Svetlik Dam at Cadott (includes tributaries from their mouths upstream to the first dam or lake):** Only three walleye less than 14" may be kept except one may be over 18".

CLARK

Clark County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- ☆ **Lake Arbutus (including Black River up to STH 95; East Fork of Black River to E Fork Road and Arnold Creek upstream to Bachelors Ave.):** Only 10 panfish may be kept.

COLUMBIA

Motor trolling is permitted county-wide (3 hooks, baits or lures per person)

- **Baraboo River:** ➡
- **Columbia Lake:** ➡. The daily bag limit on catfish is 10. Only one largemouth or smallmouth bass may be kept and it must be at least 18". There is no bag or length limit on hybrid striped bass, yellow bass or white bass.
- **Crawfish River (including impoundments and sloughs):** ➡
- **Fox River (downstream from the west highway crossing of Hwy 33 at Portage):** ➡
- **Fox River (upstream from Park Lake to the easterly crossing of Hwy 33):** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only one northern pike may be kept and it must be at least 32". Only three walleye may be kept and they must be at least 18".
- **Lazy Lake:** ➡ Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Long Lake:** ➡
- **Park Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only one northern pike may be kept and it must be at least 32". Only three walleye may be kept and they must be at least 18".
- ☆ **Wisconsin River (including Lake WI and sloughs, bayous (Okee Bay, Whalen's Grade), flowages, and tributaries upstream to the first dam or highway bridge):** ➡. Muskeg-lunge must be at least 50". The daily bag limit on catfish is 10. The season for catfish is open all year except from the Prairie du Sac Dam downstream to the railroad bridge at Sauk City where the open season is May 5 through November 30. From the Wisconsin Dells Dam upstream, only one northern pike may be kept and it must be at least 32". Upstream from the Prairie du Sac Dam, walleye and sauger from 15" but less than 20" and only one over 28" may be kept. Below the Prairie du Sac Dam, only three walleye or sauger may be kept and walleye must be at least 18" and sauger or hybrids must be at least 15".

CRAWFORD

Motor trolling is permitted county-wide (3 hooks, baits or lures per person)

- **Mississippi River:** Is part of the Wisconsin-Iowa boundary waters. See regulations on page 68.
- **Wisconsin River (including all sloughs, bayous, flowages, and tributaries upstream to the first dam or highway bridge):** ➡. The open season includes tributaries upstream to the first highway bridge. The daily bag limit on catfish is 10. Walleye must be at least 18" and sauger or hybrids must be at least 15" and the daily bag limit is 3 in total.

DANE

Motor trolling is permitted county-wide (3 hooks, baits or lures per person)

- **Bellevue, Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18"
- **Busseyville (Koshkonong) Creek downstream from Co. Hwy. B:** ➡
- **Fish Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".

- **Indian Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only 10 panfish may be kept.
- **Lake Koshkonong:** ➡
- ☆ **Lake Mendota including Sixmile Creek (downstream from Hwy. 19 in Section 8), Pheasant Branch Creek (downstream from Hwy. M), Yahara River (downstream from Hwy. 19), Cherokee Lake, and Warner Park Lagoons:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only one northern pike may be kept and it must be at least 40". Only three walleye or sauger may be kept and they must be at least 18".
- ☆ **Lake Monona (including Starkweather Creek):** Muskellunge must be at least 50".
- **Mud Lake (NW corner of Dane Co., west of Fish Lake; S3&4,T9N,R7E):** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **Lake Waubesa (including Nine Springs Creek, Swan Creek, and Upper Mud Lake):** Muskellunge must be at least 50".
- ☆ **Lake Wingra (including Wingra Creek):** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Muskellunge must be at least 50".
- ☆ **Wisconsin River (including all sloughs, bayous, flowages, and tributaries upstream to the first dam or highway bridge):** ➡ Upstream of the Highway 12 bridge, muskellunge must be at least 50". The open season includes tributaries upstream to the first highway bridge. The season for catfish is open all year except from the Prairie du Sac Dam downstream to the railroad bridge at Sauk City, where the open season for catfish is May 5 through November 30. Walleye must be at least 18" and sauger or hybrids must be at least 15" and the daily bag limit is 3 in total.
- ☆ **Yahara River (from Tenney Locks downstream to Babcock Dam):** Muskellunge must be at least 50".

DODGE

Motor trolling is permitted county-wide (3 hooks, baits or lures per person)

- **Beaver Dam Lake:** Only three walleye may be kept and they must be at least 18" (including Beaver Creek and all tributaries).
- **Beaver Dam River (downstream from the dam in the city of Beaver Dam):** ➡
- **Crawfish River:** ➡
- ☆ **Fox Lake:** Only three walleye may be kept and they must be at least 18". Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only one northern pike may be kept and it must be at least 32".
- **Lake Sinissippi:** ➡
- **Lost Lake:** ➡
- **Mill Creek:** Only three walleye may be kept and they must be at least 18".
- **Rock River (designated shore fishing locations only within the Horicon National Wildlife Refuge):** ➡ Note: The refuge does not allow sinkers or lures containing lead.
- **Rubicon River:** ➡
- **Wildcat Creek:** ➡

DOOR

Motor trolling is permitted county-wide (3 hooks, baits or lures per person). Door County inland waters are in the Northern Bass Zone (see base regulations on p. 10).

- **Kangaroo Lake:** Only three walleye may be kept and they must be at least 18".
- **Lake Michigan, Green Bay and Sturgeon Bay—**See the Lake Michigan regulations on page 72.
- **Tributaries to Lake Michigan and Green Bay:** See the tributary regulations on p. 69.

➡ Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

☆ identifies quality fishing opportunity

DOUGLAS

Douglas County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person). Tributaries to Lake Superior have special regulations for walleye, sauger, and northern pike. See the Lake Superior regulations on page 74. For lakes and flowages also partially in Burnett and Washburn counties, largemouth and smallmouth bass of any length may be kept. Douglas County is in the Northern Bass Zone (see base regulations on p. 10).

☆ **Amnicon Lake:** Walleye must be at least 18".

☆ **Allouez Bay:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.

☆ **Bond Lake:** Only one northern pike may be kept and it must be at least 32". Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18".

• **Beauregard Lake:** Walleye of any length may be kept, but only one fish can be over 14".

☆ **Eau Claire, Lower:** Walleye must be at least 18". Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18".

☆ **Kimballs Bay:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.

☆ **Lake Nebagamon:** Walleye must be at least 18".

• **Lake Superior (excluding Allouez Bay, Little Pokedagama Bay, Pokedagama Bay, and Kimballs Bay):** See the Lake Superior regulations on page 74.

☆ **Little Pokedagama Bay:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.

• **Lyman Lake:** Walleye of any length may be kept, but only one fish may be over 14".

• **Minnesuing Lake:** Walleye of any length may be kept, but only one fish may be over 14".

• **Minong Flowage (upstream to and including Cranberry Lake):** Walleye of any length may be kept, but only one fish can be over 14".

☆ **Nemadji River:** The muskellunge season is open from May 27 through November 30. Muskellunge must be at least 50". The northern pike season is from May 13 through March 1, and there is a daily bag limit of 2. Walleye and sauger season is open May 13 through March 1 with a daily bag limit of 2. The bass season is open from May 27 through March 1. Five bass may be kept and they must be at least 12". Lake sturgeon may be caught and released from June 16 to April 14.

☆ **Pokedagama Bay:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.

☆ **Red Lake:** Walleye must be at least 18".

• **St. Louis Bay:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.

• **St. Louis River:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.

• **Superior Bay:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.

☆ **Upper St. Croix Lake:** Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18".

☆ **Whitefish Lake:** Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18".

DUNN

Dunn County is partially in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

• **Chippewa River (includes tributaries from their mouths upstream to the first road or railroad bridge)** ➡

• **Dunnville Bottoms:** ➡

• **Eau Galle River (downstream from L. Eau Galle):** ➡

• **Lake Menomin (including the Red Cedar River upstream from the Lake Menomin Dam to the Cedar Falls Dam:** Only 10 panfish may be kept.

• **Red Cedar River (from the Chippewa River to Lake Menomin):** ➡

- **Tainter Lake:** Only 10 panfish may be kept.

EAU CLAIRE

Eau Claire County is partially in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Altoona Lake:** Only 10 panfish may be kept.
- **Chippewa River upstream from the Dells Pond Dam, including Dells Pond upstream to the Chippewa Falls Flowage Dam (includes tributaries from their mouths upstream to the first road or railroad bridge):** Only three walleye less than 14" may be kept, except one fish may be over 18".
- **Chippewa River downstream of the Dells Pond Dam (includes all tributaries of the river from their mouths upstream to the first road or railroad bridge):** ➤. Five walleye may be kept and they must be at least 15".
- **Eau Claire, Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- **Eau Claire River** (each of the following river segments or flowage is treated as a separate water):
 - ✦ **Eau Claire River (from the Altoona Lake Dam downstream)** ➤. Five walleye may be kept and they must be at least 15".
 - ✦ **Altoona Lake upstream to the Lake Eau Claire Dam:** Only three walleye from 15" but less than 20" may be kept except one fish may be over 24".
 - ✦ **Lake Eau Claire Dam upstream:** Only three walleye from 15" but less than 20" may be kept except one fish may be over 24".
- **Half Moon Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".

FLORENCE

Florence County is in the ceded territory (see page 11 for additional ceded territory information). Florence County is in the Northern Bass Zone (see the base regulations on p. 10). Motor trolling is permitted county-wide (1 hook, bait or lure per person; 3 lines maximum per boat).

- **Brule River (and its flowages):** Is part of the Wisconsin-Michigan boundary waters. See those regulations on either page 64 or consult the *2018–2019 Trout Fishing Regulations and Guide*.
- **Cosgrove and Little Cogrove lakes:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- ☆ **Ellwood, Lake:** Only one northern pike may be kept and it must be at least 40".
- **Halsey Lake:** 25 panfish may be kept, but no more than 10 of one species. Only largemouth and smallmouth bass less than 14" may be kept, except one fish over 18" may be kept.
- ☆ **Keyes Lake:** Walleye must be at least 18". Only largemouth and smallmouth bass less than 14" may be kept, except one fish over 18" may be kept.
- **Menominee River (and its flowages):** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- ☆ **Sea Lion Lake:** Walleye must be at least 18". 15 panfish may be kept, but no more than 5 of one species.
- **Spread Eagle Chain of Lakes:** During May and June, 15 panfish may be kept, but no more than 5 of one species. Only largemouth and smallmouth bass less than 14" may be kept, except one fish over 18" may be kept. Walleye must be at least 18".

FOND DU LAC

The county-wide daily bag limit on catfish is 25, except on Lake Winnebago system waters (see p. 76). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Fond du Lac River:** See the Winnebago System Waters regulations on p. 76.

Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

identifies quality fishing opportunity

- **Forest Lake:** Catch and release only for largemouth bass, smallmouth bass, walleye, and northern pike.
- **Kettle Moraine Lake:** Only three walleye, sauger or hybrids may be kept and they must be at least 18". Five northern pike of any length may be kept.
- **Long Lake:** Only three walleye, sauger or hybrids may be kept and they must be at least 18". Five northern pike of any length may be kept.
- **Mullet Lake:** ➤ Walleye of any length may be kept.
- **Rock River:** ➤ Walleye of any length may be kept.
- **Tittle Lake:** Only three walleye, sauger or hybrids may be kept and they must be at least 18". Five northern pike of any length may be kept.
- **Winnebago, Lake:** See the Winnebago System Waters regulations on p. 76.
- **Wolf Lake:** Only three walleye, sauger or hybrids may be kept and they must be at least 18".

FOREST

Forest County is in the ceded territory (see page 11 for additional ceded territory information). With the exceptions below, Northern Bass Zone rules apply (see p. 10). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Brule River:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on either page 64 or consult the *2018–2019 Trout Fishing Regulations and Guide*.
- ☆ **Crane Lake:** Walleye must be at least 18". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **Franklin Lake:** Walleye must be at least 18".
- ☆ **Hilbert Lake:** Walleye must be at least 18".
- ☆ **Julia Lake (S12, T38N, R11E):** Walleye of any length may be kept, but only one fish may be over 14". Muskellunge must be at least 28".
- ☆ **Jungle Lake:** Largemouth and smallmouth bass of any length may be kept. Walleye must be at least 18".
- ☆ **Kentuck Lake:** 25 panfish may be kept, but only 10 of any one species. Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **Lake Lucerne:** Largemouth and smallmouth bass of any length may be kept. Walleye must be at least 18".
- ☆ **Luna Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **McKinley Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **Pickrel Lake:** Walleye must be at least 18". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Stevens Lake:** Only two northern pike may be kept and they must be at least 26".
- ☆ **Three Johns Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **Trump Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- **Wabikon/Riley Lakes:** 25 panfish may be kept, but no more than 10 of one species.
- ☆ **White Deer Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".

GRANT

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Mississippi River:** For Wisconsin-Iowa boundary water regulations, see page 68.
- **Wisconsin River (including all sloughs, bayous, flowages, and tributaries upstream to the first dam or highway bridge):** ➤ The open season includes tributaries upstream to the first highway bridge. Only three walleye or sauger may be kept and walleye must be at least 18" and sauger and hybrids must be at least 15".

GREEN

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Pecatonica River:** ➡

GREEN LAKE

County-wide catfish regulations follow those of the Winnebago system waters (see p. 76).

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Fox River (below the first dam upstream from Princeton):** See the Winnebago System Waters regulations on p. 76.
- **Fox River (above the first dam upstream from Princeton):** ➡.
- **Lake Maria:** ➡.
- ☆ **Lake Puckaway:** ➡. Only one northern pike may be kept and it must be at least 32".
- **Puckyan River:** See Winnebago system waters regulations on p. 76.

IOWA

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- ☆ **Blackhawk Lake:** Only three walleye, sauger or hybrids may be kept and they must be at least 18". Largemouth or smallmouth bass of any length may be kept.
- ☆ **Cox Hollow Lake:** Only three walleye, sauger or hybrids may be kept and they must be at least 18". Only 10 panfish may be kept. Largemouth and smallmouth bass of any length may be kept.
- ☆ **Twin Valley Lake:** Only three walleye, sauger or hybrids may be kept and they must be at least 18". There is no daily bag limit on panfish.
- **Pecatonica River (East Branch—downstream from the bridge at STH 39—1/2 mile east of Hollandale):** ➡
- **Wisconsin River (including all sloughs, bayous, flowages, and tributaries upstream to the first dam or highway bridge):** ➡ The open season includes tributaries upstream to the first highway bridge. Only three walleye or sauger may be kept and walleye must be at least 18" and sauger or hybrids must be at least 15".

IRON

Iron County is in the ceded territory (see page 11 for additional ceded territory information).

Motor trolling is permitted county-wide (1 hook, bait or lure per person; 3 lines maximum per boat). Tributaries to Lake Superior have special regulations for walleye, sauger, and northern pike. See the Lake Superior regulations on page 74. With the exceptions below, Northern Bass Zone rules apply (see p. 10)

- **Bear River:** Walleye of any length may be kept.
- **Bearskull Lake:** Only 10 panfish may be kept.
- ☆ **Evelyn Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Flambeau River (above Turtle Flambeau Flowage):** Walleye of any length may be kept.
- **Flambeau River (North Fork from Upper Park Falls Flowage to Turtle Flambeau Flowage):** Walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Gile Flowage:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18". Only 10 panfish may be kept and crappies must be at least 10". Walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Grand Portage:** Walleye must be at least 18".
- **Island Lake:** Walleye of any length may be kept, but only one fish can be over 14". Only 10 panfish may be kept.
- **Lake Superior:** See the Lake Superior regulations on page 74.
- **Manitowish River (including Benson, Sturgeon and Vance lakes):** Walleye of any length may be kept.

➡ Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

☆ identifies quality fishing opportunity

- **McDermott Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Mercer Lake:** Walleye must be at least 18".
- **Montreal River (upstream from Superior Falls along the Michigan boundary):** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- **Montreal River (West Branch):** Walleye of any length may be kept, but only one fish can be over 14".
- ☆ **O'Brien Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **One Man Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Owl Lake:** Muskellunge must be at least 28".
- ☆ **Pine Lake:** Walleye of any length may be kept, but only one fish can be over 14". Only 10 panfish may be kept.
- **Randall Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Sherman Lake:** Walleye of any length may be kept.
- **Spider Lake:** Only 10 panfish may be kept.
- ☆ **Trude Lake:** Walleye of any length may be kept. Only 10 panfish may be kept. Crappie must be at least 10". Only largemouth and smallmouth bass less than 14" may be kept, except one fish over 18" may be kept.
- ☆ **Turtle/Flambeau Flowage:** Walleye of any length may be kept. Only 10 panfish may be kept. Crappie must be at least 10". Only largemouth and smallmouth bass less than 14" may be kept, except one fish over 18" may be kept.
- **Turtle River, Little:** Walleye of any length may be kept.
- ☆ **Wilson Lake:** Largemouth and smallmouth bass less than 12" and greater than 16" may be kept.

JACKSON

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- ☆ **Lake Arbutus (including Black River up to STH 95; East Fork of Black River to E Fork Road and Arnold Creek upstream to Bachelors Ave.):** Only 10 panfish may be kept.
- **Black River (downstream of the dam in Black River Falls including tributaries up to the first road crossing or dam):** ➤
- **Buffalo River (including tributaries):** Five northern pike of any length may be kept.
- **Trempealeau River (including tributaries):** Five northern pike of any length may be kept.
- **Lake Wazee:** Only two bass and two walleye may be kept. Only 10 panfish may be kept.

JEFFERSON

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Bark River (downstream from the former Hebron Dam):** ➤
- **Bean Lake:** ➤
- **Busseyville (Koshkonong) Creek downstream from Co. Hwy. B:** ➤
- **Crawfish River:** ➤
- **Goose Lake:** ➤
- **Hahns Lake:** ➤
- **Lake Koshkonong:** ➤
- **Mud Lake (at Koshkonong):** ➤
- **Red Cedar Lake:** ➤
- **Rock River:** ➤
- **Scuppernong River (downstream from the dam at Palmyra):** ➤
- **Waterloo Creek (Mauneshia River) downstream from the former Malthouse Dam):** ➤

JUNEAU

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Lemonweir River (including all sloughs, bayous, and flowages upstream to the first dam or highway bridge):** ➤ Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Wisconsin River (including all sloughs, bayous, and flowages upstream to the first dam or highway bridge except the western boundary of the Wisconsin River on Lake Petenwell is Cty Hwy G):** ➤ Muskellunge must be at least 50". Only one northern pike may be kept and it must be at least 32". Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- **Yellow River (including all sloughs, bayous, and flowages upstream to the first dam or highway bridge):** ➤ Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".

KENOSHA

Certain waters in Kenosha Co. are designated as urban (or special) waters and have different regulations (see pages 22-23). Motor trolling is permitted county-wide (3 hooks, baits or lures per person). Countywide, only 3 walleye and sauger and their hybrids may be kept and they must be at least 18".

☆ **Fox River:** ➤

- **Lake Michigan:** See the Lake Michigan regulations on page 72.
- **Tributaries to Lake Michigan:** See the tributary regulations on page 69.
- **Paddock Lake:** During May and June, 15 panfish may be kept, but no more than 5 of one species.
- **Silver Lake:** Only one northern pike may be kept and it must be at least 32". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Vern Wolf Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only 10 panfish may be kept.

KEWAUNEE

A portion of Kewaunee County is in the Northern Bass Zone (see base regulations on p. 10). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Lake Michigan:** See the regulations on page 72.
- **Tributaries to Green Bay and Lake Michigan:** See the tributary regulations on page 69.

LA CROSSE

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Black River (including tributaries up to the first road crossing or dam):** ➤
- **La Crosse River (downstream from the Lake Neshonoc dam including sloughs and bayous upstream to the first dam or highway bridge):** ➤
- **Mississippi River:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.

LAFAYETTE

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Pecatonica River (entire East Branch and the West Branch from the US Hwy 151 bridge downstream, and from the junction of the East and West branches downstream):** ➤
- **Yellowstone River (downstream from the Yellowstone Lake Dam):** ➤
- ☆ **Yellowstone Lake (including the Yellowstone River from the lake upstream to Co. Hwy F):** Muskellunge must be at least 50". Catch and release only on northern pike and gar and bowfin. Walleye, sauger, and their hybrids between 15" and 18" and largemouth and smallmouth bass between 12" and 15" may be kept with a daily combined bag limit of 2 fish in total.

Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

identifies quality fishing opportunity

LANGLADE

Langlade County is in the ceded territory (see page 11 for additional ceded territory information). A portion of Langlade County is in the Northern Bass Zone (see base regulations on p. 10). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Big Twin Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- **Crooked Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Crystal Lake:** During May and June, 15 panfish may be kept, but no more than 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **Dynamite Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- **Greater Bass Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Horseshoe Lake (T33N R10E S17):** Largemouth and smallmouth bass of any length may be kept.
- **Jessie Lake:** Walleye must be at least 18".
- **Krause Springs:** The season on largemouth and smallmouth bass is from May 5 to October 15, bass of any length may be kept and the daily bag limit is 5 in total.
- **Little Partridge Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Long Lake (T33N R10E S35):** 25 panfish may be kept, but no more than 10 of any one species.
- **McGee Lake:** There is an artificial lure only season on largemouth and smallmouth bass from May 5 to October 15, bass of any length may be kept and the daily bag limit is 5 in total.
- **Meyer Lake:** 15 panfish may be kept, but no more than 5 of any one species.
- **Moose Lake:** During May and June, 15 panfish may be kept, but no more than 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **Mueller Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- **Partridge Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Pence Lake:** Largemouth and smallmouth bass of any length may be kept.
- ☆ **Pickerel Lake:** Walleye must be at least 18". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Post Lake (Lower and Upper):** Only two northern pike may be kept and they must be at least 26".
- **Rabe Lake:** The season on largemouth and smallmouth bass is from May 5 to October 15, bass of any length may be kept and the daily bag limit is 5 in total.
- **Remington Lake:** Is an urban fishing water. See regulation details on pages 22-23.
- **Rogers Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Rolling Stone Lake:** Walleye must be at least 18".
- **Rose Lake:** Walleye must be at least 18".
- **Saddlebag Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Saul Springs:** The season on largemouth and smallmouth bass is from May 5 to October 15, bass of any length may be kept and the daily bag limit is 5 in total.
- **Sawyer Lake:** Walleye must be at least 18". Largemouth and smallmouth bass less than 12" and greater than 16" may be kept.
- **Townline Lake (T33N R10E S6):** Largemouth and smallmouth bass of any length may be kept.
- **White Lake:** During May and June, 15 panfish may be kept, but no more than 5 of any one species. During the remainder of the season, 25 panfish may be kept.

LINCOLN

Lincoln County is in the ceded territory (see page 11 for additional ceded territory information). A portion of Lincoln County is in the Northern Bass Zone (see base regulations on p. 10). Motor trolling is permitted county-wide (1 hook, bait or lure per person; 3 lines maximum per boat).

- **Ament Lake:** Largemouth and smallmouth bass of any length may be kept.
- ☆ **Bass Lake (Bass and Long Lake Chain):** Only one largemouth or smallmouth bass may be kept and it must be at least 18".

- **Crystal Lake:** 15 panfish may be kept, but no more than 5 of any one species.
- **Echo Lake:** 15 panfish may be kept, but no more than 5 of any one species.
- **Henson Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Hilderbrand Lake:** During May and June, 15 panfish may be kept, but no more than 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **Hilts Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- **Larson Lake:** Largemouth and smallmouth bass of any length may be kept.
- ☆ **Long Lake (Bass and Long Lake Chain):** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Mirror Lake:** Is an urban fishing water. See regulation details on pages 22-23.
- **Moraine Lake:** Largemouth and smallmouth bass of any length may be kept.
- ☆ **Muskellunge Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Pesobic Lake:** During May and June, 15 panfish may be kept, but no more than 5 of any one species.
- **Rice Reservoir Chain (including Bridge Lake, Deer Lake, Lake Nokomis, and Rice River Flowage combined):** 25 panfish may be kept, but no more than 10 of any one species.
- **Tahoe Lake:** Largemouth and smallmouth bass of any length may be kept.
- ☆ **Wisconsin River waters** (each of the following river segment, flowage, impoundment, or chain is treated as a separate water and within each segment the Wisconsin River includes sloughs, bayous, and flowages upstream to the first dam, highway bridge, or railroad bridge):
 - ❖ **Grandfather Flowage from Grandfather Dam upstream to Grandmother Dam:** ➤
 - ❖ **Grandmother Flowage from Grandmother Dam upstream to Pride Dam:** ➤
Please note: The boundary of the Wisconsin and Spirit rivers is the confluence of the Spirit River 1.25 miles downstream from the Spirit River Flowage Dam.
 - ❖ **Lake Alexander from Alexander Dam upstream to Grandfather Dam:** ➤ Three walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
 - ❖ **Lake Alice from Kings Dam upstream to Hat Rapids Dam:** The open season for largemouth bass, smallmouth bass, northern pike, walleye, sauger, and their hybrids is from May 5 through March 3. Northern Bass Zone rules apply (see page 10).
 - ❖ **Lake Mohawksin from Pride Dam upstream to Kings Dam:** ➤ *Please note: The boundary of the Wisconsin and Somo rivers is the Tomahawk Railway Railroad Bridge on the west side of Lake Mohawksin. The boundary of the Wisconsin and Tomahawk rivers is the Canadian National Railroad Bridge nearest Baymill Road.*
 - ❖ **Merrill Flowage from Merrill Dam upstream to Alexander Dam:** ➤ Three walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
 - ❖ **Wisconsin River from Wausau Dam in Marathon County upstream to Merrill Dam:** ➤ Three walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".

MANITOWOC

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Bullhead Lake:** During May and June, 15 panfish may be kept, but no more than 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **English Lake:** 15 panfish may be kept, but no more than 5 of any one species.
- **Harpt Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- **Long Lake:** 15 panfish may be kept, but no more than 5 of any one species.
- **Pigeon Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- **Lake Michigan:** See the Lake Michigan regulations on page 72.
- **Manitowoc River:** Only two northern pike may be kept and they must be at least 26".

Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

identifies quality fishing opportunity

- **Silver Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only three walleye may be kept and they must be at least 18". Only 10 panfish may be kept. Only one northern pike may be kept and it must be at least 32".
- **Tributaries to Lake Michigan:** See the tributary regulations on page 69.

MARATHON

Marathon County is partially in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- ☆ **Big Bass Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- ☆ **Big Eau Pleine Reservoir (upstream to the East Hwy 153 bridge):** Only one northern pike may be kept and it must be at least 32".
- ☆ **Big Eau Pleine Reservoir (upstream from Dam Road):** Only three walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 24".
- ☆ **Big Rib River (upstream from Highway 29):** Only three walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Big Rib River (downstream from Highway 29):** Five walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Eau Claire River (downstream from the Schofield Dam):** ➤ Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Johnson Creek (upstream of CTH X):** Only three walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Johnson Creek (downstream of CTH X):** Five walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Little Eau Claire River (upstream of CTH X):** Only three walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Little Eau Claire River (downstream of CTH X):** Five walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Little Eau Pleine River (upstream from STH 34):** Only three walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Little Eau Pleine River (downstream from STH 34):** Five walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- **Mission Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- **Mud Lake:** 15 panfish may be kept, but no more than 5 of any one species.
- ☆ **Peplin Creek (upstream of CTH X):** Only three walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Pepline Creek (downstream of CTH X):** Five walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- **Pike Lake:** During May and June, 15 panfish may be kept, but no more than 5 of any one species. During the remainder of the season, 25 panfish may be kept. Only two northern pike may be kept and they must be at least 26".
- **Wausau, Lake:** 25 panfish may be kept, no more than 10 of any one species.
- ☆ **Wisconsin River (upstream of the Wausau Dam to the Merrill Dam including all sloughs, bayous, and flowages up to the first dam or highway bridge):** ➤ Only three walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Wisconsin River (downstream of the Wausau Dam including all sloughs, bayous, and flowages up to the first dam or highway bridge):** ➤ Five walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28". *Please note: The eastern boundary of the Wisconsin River and Peplin and Johnson creeks and the Little Eau Claire River at Lake DuBay is the south-bound lane of I-39.*

MARINETTE

A portion of Marinette County is in the ceded territory (see page 11 for additional ceded territory information). and in the Northern Bass Zone (see base regulations on p. 10) Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

☆ **Caldron Falls:** Muskellunge must be at least 50". 25 panfish may be kept, but no more than 10 of any one species.

- **Eagle Lake:** Walleye must be at least 18".
- **Green Bay:** Is part of Lake Michigan—See the regulations on page 72.
- ☆ **High Falls:** Muskellunge must be at least 50".
- **Hilbert Lake:** Walleye must be at least 18".
- **Newton Lake, Big:** Walleye must be at least 18".
- **Newton Lake, Little:** Walleye must be at least 18".
- **Tributaries to Green Bay:** See the tributary regulations on page 69.
- **Menominee River (and its flowages):** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- **Oneonta Lake:** Walleye must be at least 18".
- **Peshtigo Flowage (Peshtigo Dam to the Potato Rapids Dam):** Northern Bass Zone regulations apply (see p. 10).
- **Thunder Lake:** Walleye must be at least 18".

MARQUETTE

County-wide catfish regulations follow those of the Winnebago system waters (see p. 76). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Buffalo Lake:** ➡.
- **Fox River (downstream from Buffalo Lake):** ➡.
- **Grand River (from the Grand River wildlife area dam downstream to the Fox River):** ➡.
- **Mason Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- **Sharon Lake:** Five northern pike of any length may be kept.
- **White Lake:** Largemouth bass of any length may be kept.
- **Wood Lake:** Largemouth bass of any length may be kept.

MENOMINEE

Menominee County is a Native American reservation. Find out about tribal policies at tribal headquarters. State laws apply to non-Native Americans fishing on the Menominee Reservation. All waters are closed to hook and line sturgeon fishing. Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

MILWAUKEE

Certain waters in Milwaukee County are designated as urban (or special) waters and have different regulations (see page 22). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Lake Michigan:** See the Lake Michigan regulations on page 72.
- **Tributaries to Lake Michigan:** See the tributary regulations on page 69.

MONROE

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Black River (including tributaries up to the first road crossing or dam):** ➡
- **East Fork Lemonweir River (upstream to the Hwy 173 bridge):** ➡ Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".

➡ Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

☆ identifies quality fishing opportunity

- **Fort McCoy US Army Installation:** A Fort McCoy fishing permit approval is required with a Wisconsin fishing license and trout stamp when fishing for trout. For more information regarding Fort McCoy fishing and Fort McCoy fishing policy and regulations please contact the Directorate of Public Works; IMWE-MCY-PWEN (Permit Sales); 2168 South 8th Avenue; Fort McCoy, WI 54656-5136, (608.388.3337) or visit the web site at <http://www.mccoy.army.mil> and click on Recreational Opportunities.
- ☆ **Lake Tomah:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only one northern pike may be kept and it must be at least 32".
- **Lemonweir River (including all sloughs, bayous, and flowages upstream to the first water control structure, dam, or highway bridge):** Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- **South Fork Lemonweir River (upstream to the Tomah Dam):** ➡ Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".

OCONTO

A portion of Oconto County is in the ceded territory and the Northern Bass Zone (see page 10 for additional information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- ☆ **Anderson Lake:** Muskellunge must be at least 50".
- ☆ **Archibald Lake:** Muskellunge must be at least 50". Walleye must be at least 18".
- **Bass Lake:** Walleye must be at least 18".
- **Bear Lake:** Only two northern pike may be kept and they must be at least 26". Walleye must be at least 18". Only three walleye may be kept per day from Bear/Munger lakes combined.
- **Boot Lake:** Walleye must be at least 18".
- **Caldron Falls:** Muskellunge must be at least 50". 25 panfish may be kept, but no more than 10 of any one species.
- **Chain Lake:** Walleye must be at least 18".
- **Crooked Lake:** Walleye must be at least 18".
- **Green Bay:** Is part of Lake Michigan. See the regulations on page 72.
- **John Lake:** Only two northern pike may be kept and they must be at least 26". Walleye must be at least 18".
- **Kelly Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Tributaries to Green Bay:** See the tributary regulations on page 69.
- **Maiden Lake:** Walleye must be at least 18".
- **Munger Lake:** Only two northern pike may be kept and they must be at least 26". Walleye must be at least 18". Only three walleye may be kept per day from Bear/Munger lakes combined.
- **Reservoir Pond (including Horn, Explosion, and Little Horn lakes combined):** Walleye must be at least 18".
- **Surprise Lake:** Walleye must be at least 18".
- **Townsend Flowage:** Walleye must be at least 18".
- **Waubee Lake:** Walleye must be at least 18".
- **Wheeler Lake:** Only 10 panfish may be kept. Walleye must be at least 18".

ONEIDA

Oneida County is in the ceded territory (see page 11 for additional ceded territory information). With the exceptions below, Northern Bass Zone rules apply (see p. 10). Motor trolling is permitted county-wide (1 hook, bait or lure per person; 3 lines maximum per boat).

- ☆ **Bearskin Lake:** Only 10 panfish may be kept. Walleye of any length may be kept, but only one fish can be over 14". Only one largemouth or smallmouth bass may be kept and it must be at least 18". Muskellunge must be at least 28".
- ☆ **Bird Lake:** Walleye must be at least 18"
- **Booth Lake:** Muskellunge must be at least 28".
- ☆ **Buckskin Lake:** Walleye of any length may be kept, but only one fish can be over 14".

- **Burrows Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Carrol Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- ☆ **Clear Lake (S16, T39N, R7E):** Muskellunge must be at least 50".
- **Cranberry Lake (Eagle Chain - see Vilas Co):** Only walleye and sauger less than 14" may be kept, except one fish over 18" may be kept.
- ☆ **Crescent Lake (near Rhinelander):** Walleye of any length may be kept, but only one fish can be over 14". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Diamond Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **George Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Gilmore Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- **Hasbrook Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Indian Lake:** 15 panfish may be kept, but no more than 5 of any one species.
- ☆ **Katherine Lake:** Muskellunge must be at least 50". Walleye of any length may be kept, but only one fish can be over 14".
- **Julia Lake (Three Lakes Area; S6, T38N, R12E):** Walleye of any length may be kept, but only one fish can be over 14". Muskellunge must be at least 28".
- **Julia Lake (near Rhinelander, S12, T36N R08E):** Largemouth and smallmouth bass of any length may be kept
- **Madeline Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- ☆ **Maple Lake:** Walleye must be at least 18".
- **Mercer Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Minocqua Chain (and connecting waters, including Jerome, Kawaguesaga, Little Tomahawk, Mid, Minocqua, Mud and Tomahawk lakes):** Largemouth and smallmouth bass of any length may be kept. No walleye may be kept - catch and release only.
- **Moen Chain (including Moen, Second, Third, Fourth and Fifth lakes and connecting waters, combined):** 25 panfish may be kept, but only 10 of any one species. Only three walleye from 15" but less than 20" may be kept except one fish may be over 24".
- ☆ **Nokomis Lake, North:** Walleye must be at least 18".
- ☆ **Oneida Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18". 15 panfish may be kept, but no more than 5 of any one species. Walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Pelican Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Muskellunge must be at least 50".
- **Rice Reservoir Chain (including Bridge Lake, Deer Lake, Lake Nokomis, and Rice River Flowage combined):** 25 panfish may be kept, but no more than 10 of any one species.
- ☆ **Shishebogama Lake:** Walleye must be at least 18". 25 panfish of any size may be kept, except 5 or fewer can be bluegill and pumpkinseed over 7". Only largemouth and smallmouth bass less than 14" may be kept, except one fish over 18" may be kept.
- **Squash Lake (T36N, R7E, S24):** Walleye must be at least 18". Largemouth and smallmouth bass of any length may be kept.
- **Squaw Lake:** 15 panfish may be kept, but no more than 5 of any one species. Walleye of any length may be kept, but only one fish can be over 14". Muskellunge must be at least 28".
- **Squirrel Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Stella Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Walleye must be at least 18".
- **Sugar Camp Chain (Dam lake, Sand lake, Echo lake, Chain lake, Stone lake and connecting waters combined):** Only three walleye from 15" but less than 20" may be kept except one fish may be over 24".

Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

identifies quality fishing opportunity

- **Three Lakes Chain (including Big, Big Fork, Big Stone, Mud, (Crystal), Deer, Dog, Fourmile, Island, Laurel, Little Fork, Long, Medicine, Moccasin, Planting Ground, Rangeline, Round, Spirit, Townline, Virgin and Whitefish lakes and connecting waters combined):** Walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Thunder Lake (T38N, R10E):** Walleye must be at least 18".
- ☆ **Two Sisters Lake:** Walleye must be at least 18".
- ☆ **Willow Flowage:** Muskellunge must be at least 50".
- **Wisconsin River** (each of the following river segment, flowage, impoundment, or chain is treated as a separate water and within each segment the Wisconsin River includes sloughs, bayous, and flowages upstream to the first dam, highway bridge, or railroad bridge) :
 - ✦ **Otter Rapids dam (in Vilas county) downstream to Rainbow flowage;** Only three walleye from 15" but less than 20" may be kept except one fish may be over 24".
 - ✦ **Rainbow flowage (south of Wilderness Trail in Vilas county downstream to Rainbow dam);** Only three walleye from 15" but less than 20" may be kept except one fish may be over 24".
 - ✦ **Rainbow dam downstream to Rhinelander flowage;** Only three walleye from 15" but less than 20" may be kept except one fish may be over 24".
 - ✦ **Boom-Rhinelander chain (includes Rhinelander flowage from Bridge Road downstream to St Regis dam, Boom lake, Bass lake, Thunder lake, and Lake Creek upstream to Forest Lane, combined);** Only three walleye from 15" but less than 20" may be kept except one fish may be over 24". During May and June, 15 panfish may be kept, but no more than 5 of any one species. During the remainder of the season, 25 panfish may be kept.
 - ✦ **Rhinelander dam downstream to Hat Rapids flowage;** Only three walleye from 15" but less than 20" may be kept except one fish may be over 24".
 - ✦ **Hat Rapids flowage (from upstream bank of Pelican river mouth) downstream to Hat Rapids dam;** Only three walleye from 15" but less than 20" may be kept except one fish may be over 24".
 - ✦ **Hat Rapids dam downstream to Kings dam in Lincoln County (including Lake Alice);** Only three walleye from 15" but less than 20" may be kept except one fish may be over 24".

OUTAGAMIE

- The county-wide daily bag limit on catfish is 25, except on Winnebago system waters (see p. 76). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).
- **Embarrass River:** See the Winnebago System Waters regulations on p. 76.
 - **Fox River (from Appleton Lock 1 downstream to De Pere Dam):** ➤ Five northern pike of any length may be kept. The open season on muskellunge is May 26 to November 30 and they must be at least 50". Walleye, sauger, and their hybrids of any length may be kept.
 - **Shioc River:** See the Winnebago System Waters regulations on p. 76.
 - **Wolf River:** See the Winnebago System Waters regulations on p. 76.

OZAUKEE

- Certain waters in Ozaukee County are designated as urban (or special) waters and have different regulations (see pages 22-23). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).
- **Lake Michigan:** See the Lake Michigan regulations on page 72.
 - **Tributaries to Lake Michigan:** See the tributary regulations on page 69.

PEPIN

- Motor trolling is permitted county-wide (3 hooks, baits or lures per person).
- **Chippewa River upstream of the Chicago, Burlington, and Quincy railroad bridge (includes tributaries upstream to the first road or railroad bridge).** ➤ Five northern pike of any length may be kept.

- **Eau Galle River:** ➡
- **Lake Pepin:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.
- **Mississippi River:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.

PIERCE

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Lake George (Spring Valley Reservoir):** The daily bag limit on panfish is 25 in total.
- **Mississippi River (Including Lake Pepin):** From its confluence with the St. Croix River downstream, is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.
- **St. Croix River:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.

POLK

Polk County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person). For all lakes and flowages that are border waters between Polk and Burnett counties, largemouth and smallmouth bass of any length may be kept.

- **Balsam Lake:** Only two northern pike may be kept and they must be at least 26". Largemouth and smallmouth bass of any length may be kept. Walleye must be at least 18".
- **Bear Trap Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- **Big Butternut Lake:** Largemouth and smallmouth bass of any length may be kept. Walleye must be at least 18".
- **Big Round Lake:** Walleye must be at least 18".
- ☆ **Bone Lake:** Muskellunge must be at least 50".
- **Cedar Lake:** Only 10 panfish may be kept. Only walleye and sauger less than 14" may be kept, except one fish over 18" may be kept.
- **Deer Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- **Half Moon Lake:** Largemouth and smallmouth bass of any length may be kept. Unless posted otherwise, Walleye must be at least 18".
- **Horseshoe Lake (T34N R15W):** Only two northern pike may be kept and they must be at least 26".
- ☆ **Largon Lake:** Only one northern pike may be kept and it must be at least 32".
- **Long Lake:** Only two northern pike may be kept and they must be at least 26".
- **Loveless Lake:** Only two northern pike may be kept and they must be at least 26".
- **Pipe and North Pipe lakes:** Largemouth and smallmouth bass of any length may be kept. Walleye must be at least 18".
- **St. Croix River:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.
- **Wapogasset Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- **Ward Lake:** Largemouth and smallmouth bass of any length may be kept. Walleye must be at least 18".

Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

identifies quality fishing opportunity

PORTAGE

County-wide (except the Wisconsin River including all sloughs, bayous, and flowages upstream to the first dam or highway bridge, and Little Eau Pleine Flowage) only two northern pike may be kept and they must be at least 26". Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Bass Lake:** ➡
- **Emily Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- **Jacqueline Lake:** Only one largemouth or smallmouth bass may be kept and they must be at least 18". Only one northern pike may be kept and it must be at least 32".
- **Lime Lake:** 25 panfish may be kept, but no more than 10 of any one species.
- ☆ **Little Eau Claire River:** Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- **Little Eau Pleine Flowage:** Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28". Five northern pike of any length may be kept.
- ☆ **Little Eau Pleine River:** Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28". Five northern pike of any length may be kept.
- **Mill Creek:** ➡
- **Pleasant Lake:** ➡

☆ **Wisconsin River (including all sloughs, bayous, and flowages upstream to the first dam or highway bridge):** ➡. Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28". Five northern pike of any length may be kept on Lake DuBay. Downstream from the Lake DuBay Dam, only one northern pike at least 32" may be kept and muskellunge must be at least 50". From the Stevens Point Flowage Dam to the AlTech Park spillway, only one largemouth or smallmouth bass may be kept and it must be at least 18". *Please note: The eastern boundary of the Wisconsin River and the Little Eau Claire River at Lake DuBay is the south-bound lane of I-39.*

PRICE

Price County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person). With the exceptions below, Northern Bass Zone rules apply (see p. 10)

- ☆ **Bass Lake:** (T38N, R2W, S18 in Flambeau River State Forest): Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Bass Lake** (T40N, R2W, S15—West of Park Falls): Only three walleye of any length may be kept.
- **Butternut Lake:** 25 panfish may be kept, but no more than 10 of any one species. Three walleye of any length may be kept, but only one fish can be over 14". Muskellunge must be at least 28".
- **Cochran Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Elk River and its impoundments, sloughs and tributaries upstream to the first dam or lake** (each of the following river segments is treated as a separate water):
 - **Elk river upstream from the Lac Sault Dore dam (including Lac Sault Dore (Soo Lake) and Grassy Lake) to Jobes dam:** Only three walleye of any length may be kept, but only one fish can be over 14". 25 panfish may be kept, but only 10 of any one species.
 - **Elk river upstream from Jobes dam to Musser Flowage dam (including Phillips chain of lakes: Duroy, Elk, Long, Wilson lakes, and connecting waters);** Only three walleye of any length may be kept, but only one fish can be over 14". 25 panfish may be kept, but only 10 of any one species.
 - **Elk River upstream from Musser Flowage dam (including Musser Flowage):** Only three walleye from 15" but less than 20" may be kept, except one fish may be over 24".
- **Flambeau River and its impoundments, sloughs and tributaries upstream to the first dam or lake** (each of the following river segments or flowage is treated as a separate water):
 - ✧ **Upper Park Falls Flowage Dam upstream to the fish refuge below the Turtle-Flambeau Dam in Iron County:** Only three walleye of any length may be kept, but only one fish can be over 14".

- ❖ **Lower Park Falls Flowage Dam upstream to the fish refuge below the Upper Park Falls Flowage Dam:** Only three walleye of any length may be kept, but only one fish can be over 14".
- ❖ **Pixley Flowage Dam upstream to Lower Park Falls Flowage Dam:** Only three walleye of any length may be kept, but only one fish can be over 14".
- ❖ **Crowley Flowage Dam upstream to Pixley Flowage Dam:** Only three walleye of any length may be kept, but only one fish can be over 14".
- ❖ **Big Falls Flowage Dam in Rusk County (Flambeau river) upstream to Crowley Flowage Dam (North Fork Flambeau river):** Only three walleye of any length may be kept, but only one fish can be over 14". 15 panfish may be kept, but only 5 of any one species.
- **Flambeau River, South Fork and its impoundments, sloughs and tributaries upstream to the first dam or lake (including Elk River upstream from its confluence with the South Fork Flambeau River to Lac Sault Dore Dam):** Only three walleye of any length may be kept, but only one fish can be over 14".
- **Jump River (and its tributaries upstream to the first dam or lake):** Only three walleye less than 14" may be kept, except one fish may be over 18".
- **Newman Lake:** Only 10 panfish may be kept.
- **Pike Lake Chain (includes Pike, Round, Turner, Amik lakes and connecting waters combined):** 25 panfish may be kept, but no more than 10 of any one species. Walleye of any length may be kept, but only one fish can be over 14". Motor trolling is allowed with 3 hooks, baits or lures per angler in Pike, Round, and Turner lakes and with only one hook, bait or lure per angler and up to two lines maximum per boat in Amik lake.
- **Riley Lake:** Largemouth and smallmouth bass of any length may be kept.
- ☆ **Sailor Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Solberg Lake (including tributaries up to the first dam or lake):** 25 panfish may be kept, but no more than 10 of any one species. Only three walleye of any length may be kept, but only one fish can be over 14". Muskellunge must be at least 28".
- **Thompson Lake:** Only three walleye less than 14" may be kept, except one fish may be over 18".
- **Twin Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Whitcomb Lake:** Only three walleye less than 14" may be kept, except one fish may be over 18".
- ☆ **Wilson Flowage:** (This flowage is Northeast of Phillips in the Chequamegon National Forest. Don't confuse it with Wilson Lake west of Phillips.) Only one northern pike may be kept and it must be at least 32".

RACINE

Motor trolling is permitted county-wide (3 hooks, baits or lures per person). Certain waters in Racine County are designated as urban (or special) waters and have different regulations (see page 22). Countywide, only 3 walleye, sauger or their hybrids may be kept and they must be at least 18".

- **Bohners Lake:** 15 panfish may be kept, but no more than 5 of any one species.
- **Browns Lake:** Five northern pike of any size may be kept. Largemouth bass must be at least 16".
- ☆ **Eagle Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 22". Only one northern pike may be kept and it must be at least 40".
- ☆ **Fox River (downstream from the dam at Waterford):** ➡
- **Lake Michigan:** See the Lake Michigan regulations on page 72.
- **Tributaries to Lake Michigan:** See the tributary regulations on page 69.
- **Rockland Lake:** Largemouth bass less than 12" and greater than 16" may be kept.
- **White River (downstream from the Burlington Dam):** ➡

➡ Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

☆ identifies quality fishing opportunity

RICHLAND

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Lee Lake:** Only three walleye, sauger, or their hybrids may be kept and they must be at least 18" .
- **Wisconsin River (including all sloughs, bayous, flowages, and tributaries upstream to the first dam or highway bridge):** ➡ The open season includes tributaries upstream to the first highway bridge. Only three walleye or sauger may be kept and walleye must be at least 18" and sauger or hybrids must be at least 15".

ROCK

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Lake Koshkonong:** ➡.
- ☆ **Lake Leota:** Only 10 panfish may be kept. Only three walleye may be kept and they must be at least 18"
- **Rock River:** ➡

RUSK

Rusk County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person). A portion of Rusk County is in the Northern Bass Zone (see base regulations on p. 10).

- **Chippewa River (from Lake Holcombe Dam upstream to the Arpin Dam including tributaries upstream to the first dam or lake and the Flambeau River downstream from the Thornapple Dam including tributaries upstream to the first dam or lake):** Only walleye less than 14" may be kept, except one fish may be over 18".
- **Flambeau River and its impoundments, sloughs and tributaries upstream to the first dam or lake (each of the following river segments is treated as a separate water):**
 - ✦ **Big Falls Flowage dam (Flambeau river) upstream to Crowley Flowage dam (North Fork Flambeau river) in Price County:** Only three walleye of any length may be kept, but only one fish can be over 14". 15 panfish may be kept, but only 5 of any one species.
 - ✦ **Dairyland Reservoir dam upstream to Big Falls Flowage dam:** Only three walleye of any length may be kept, but only one fish can be over 14". 15 panfish may be kept, but only 5 of any one species.
 - ✦ **Ladysmith Flowage dam upstream to Dairyland Reservoir dam:** Only three walleye of any length may be kept, but only one fish can be over 14". 15 panfish may be kept, but only 5 of any one species.
 - ✦ **Thornapple Flowage dam upstream to Ladysmith Flowage dam:** Only three walleye of any length may be kept, but only one fish can be over 14". 15 panfish may be kept, but only 5 of any one species.
- **Flambeau River, South Fork and its impoundments, sloughs and tributaries upstream to the first dam or lake (including Elk River upstream from its confluence with the South Fork Flambeau River to Lac Sault Dore Dam):** Only three walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Holcombe Flowage:** Muskellunge must be at least 50".
- **Island Chain of Lakes (Chain, Clear, Island, and McCann lakes combined):** Largemouth and smallmouth bass of any length may be kept. Only three walleye may be kept and they must be at least 18".
- **Jump River (and its tributaries upstream to the first dam or lake):** Only three walleye less than 14" may be kept, except one fish may be over 18".
- ☆ **Murphy Flowage:** Only one largemouth or smallmouth bass may be kept and it must be at least 18" Only two northern pike may be kept and they must be at least 26". Only 10 panfish may be kept.
- **Pulaski Lake:** Only three walleye may be kept and they must be at least 18". Largemouth and smallmouth bass of any length may be kept.
- **Sand Lake:** Only three walleye may be kept and they must be at least 18". Largemouth and smallmouth bass of any length may be kept.

SAUK

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Baraboo River:** ➡
- ☆ **Devils Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18". Only one northern pike may be kept and it must be at least 32".
- ☆ **Lake Redstone:** Muskellunge must be at least 50".
- ☆ **Wisconsin River (including Lake WI and all sloughs (Gallus Slough), bayous, flowages, and tributaries upstream to the first dam or highway bridge):** ➡ . Upstream from the Highway 12 bridge, muskellunge must be at least 50". The season for catfish is open all year except from the Prairie du Sac Dam downstream to the railroad bridge at Sauk City where the open season is May 5 through November 30. From the Wisconsin Dells Dam upstream, Only one northern pike may be kept and it must be at least 32". Upstream from the Prairie du Sac Dam, walleye and sauger from 15" but less than 20" and only one fish over 28" may be kept. Below the Prairie du Sac Dam, only three walleye or sauger may be kept and walleye must be at least 18" and sauger or hybrids must be at least 15".

SAWYER

Sawyer County is in the ceded territory (see page 11 for additional ceded territory information). For all lakes and flowages that are also partially within Washburn County, largemouth and smallmouth bass of any length may be kept. A portion of Sawyer County is in the Northern Bass Zone (see base regulations on p. 10). Motor trolling is permitted county-wide (1 hook, bait or lure per person and 3 lines maximum per boat) except as listed below:

- ☆ **Birch Lake:** The daily bag limit on panfish is 25, of which only 10 may be bluegill. Largemouth and smallmouth bass of any length may be kept. Walleye must be at least 18".
- ☆ **Black Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Muskellunge must be at least 28".
- ☆ **Black Dan Lake:** 15 panfish may be kept, but only 5 of any one species. Walleye must be at least 18".
- **Blueberry Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept. Largemouth and smallmouth bass of any length may be kept.
- ☆ **Chetac Lake, Big:** Motor trolling is permitted (3 hooks, baits or lures per person). The daily bag limit on panfish is 25, of which only 10 may be bluegill. Largemouth or smallmouth bass of any length may be kept. Walleye must be at least 18".
- ☆ **Chippewa Flowage (includes Lake Chippewa, West Fork of Chippewa River upstream to the Moose Lake Dam, James Slough and Scott, Tyner, Crane, James, Crystal and Moonshine lakes):** Muskellunge must be at least 50". The open season on walleye is May 5 to November 30 and only 3 walleye may be kept per day from the Chippewa Flowage and the Chippewa River downstream to the Arpin Dam combined. Largemouth bass of any length may be kept, but smallmouth bass must be at least 14".
- ☆ **Chippewa River (downstream from Winter Dam including all tributaries upstream to the first dam or lake):** Muskellunge must be at least 50".
- **West Fork Chippewa River (from Moose Lake Dam upstream to FR 176):** Walleye of any length may be kept, but only one fish can be over 14".
- **Chippewa River downstream of Arpin Dam to the Lake Holcombe Dam and tributaries to the first dam or lake (including the Flambeau River upstream to Thornapple Flowage Dam):** Only three walleye less than 14" may be kept, except one fish may be over 18".
- ☆ **Christner Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only 10 panfish may be kept.
- **Connors Lake:** 25 panfish may be kept, but only 10 of any one species.
- **Durphee Lake:** 15 panfish may be kept, but only 5 of any one species. Walleye must be at least 18". Largemouth and smallmouth bass of any length may be kept.

➡ Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

☆ identifies quality fishing opportunity

- **Evergreen Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **Flambeau River and its impoundments, sloughs and tributaries (from Big Falls Flowage Dam in Rusk County upstream to Crowley Flowage Dam on the North Fork Flambeau River in Price County):** Only three walleye of any length may be kept, but only one fish can be over 14". 15 panfish may be kept, but only 5 of any one species.
- **Flambeau River, South Fork and its impoundments, sloughs and tributaries upstream to the first dam or lake (including Elk River upstream from its confluence with the South Fork Flambeau River to Lac Sault Dore Dam):** Only three walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Grindstone Lake:** Motor trolling is permitted (3 hooks, baits or lures per person). Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18". Muskellunge must be at least 50". Only walleye less than 14" may be kept except one fish may be over 18".
- **Holly, Lower:** 15 panfish may be kept, but only 5 of any one species.
- ☆ **Island Lake (T39N, R5W, S2):** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept. Walleye must be at least 18".
- ☆ **Lac Courte Oreilles Chain (Lac Courte Oreilles Lake, Little Lac Courte Oreilles Lake and Billy Boy Flowage):** Motor trolling is permitted (3 hooks, baits or lures per person). Muskellunge must be at least 50". Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18".
- **Lake of the Pines:** 25 panfish may be kept, but only 10 of any one species.
- **Loretta Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **Mason Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- ☆ **Moose Lake:** Only 10 panfish may be kept. Walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Nelson Lake:** Motor trolling is permitted (3 hooks, baits or lures per person). Only 10 panfish may be kept. Largemouth and smallmouth bass of any length may be kept. Only one northern pike may be kept and it must be at least 32". Walleye must be at least 18".
- **Osprey Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept. Walleye must be at least 18". Largemouth and smallmouth bass of any length may be kept.
- **Quiet Lakes Chain (including Lost Land and Teal lakes and Teal River Flowage):** 25 panfish may be kept, but only 10 of any one species. Largemouth bass of any length may be kept.
- ☆ **Radisson Flowage:** Muskellunge must be at least 50".
- **Round Lake Chain (Round and Little Round lakes):** Motor trolling is permitted (3 hooks, baits or lures per person). 25 panfish may be kept, but only 10 of any one species. Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18".
- ☆ **Sand Lake (includes Sissabagama Creek 1/2 mile upstream to Sand Lake Road):** Walleye of any length may be kept, but only one fish can be over 14". Only 10 panfish may be kept.
- ☆ **Sissabagama Lake:** Only 10 panfish may be kept. Largemouth and smallmouth bass of any length may be kept. Walleye must be at least 18".
- ☆ **Smith Lake:** Only 10 panfish may be kept. Largemouth and smallmouth bass of any length may be kept.
- **Spider Lake Chain (Big Spider, Little Spider, Clear, Fawn and North lakes):** Largemouth and smallmouth bass of any length may be kept.
- **Spring Lake:** 25 panfish may be kept, but only 10 of any one species.
- ☆ **Whitefish Lake:** Motor trolling is permitted (3 hooks, baits or lures per person). Largemouth bass of any length may be kept. Only one smallmouth bass may be kept and it must be at least 18", Muskellunge must be at least 50". Walleye must be at least 18".

- **Windigo Lake:** Motor trolling is permitted (3 hooks, baits or lures per person). 15 panfish may be kept, but only 5 of any one species. Walleye of any length may be kept but only one fish can be over 14".
- ☆ **Winter Lake:** 25 panfish may be kept, but only 10 of any one species.

SHAWANO

The county-wide daily bag limit on catfish is 25, except on Winnebago system waters (see p. 76). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Caroline Pond:** Only two northern pike may be kept and they must be at least 26".
- **Cloverleaf Chain of Lakes:** 25 panfish of any size may be kept, except 5 or fewer can be bluegill and pumpkinsseed over 7".
- **Embarrass River (downstream from the Pella Dam):** See the Winnebago System Waters regulations on p. 76.
- **Pella Pond:** Only two northern pike may be kept and they must be at least 26".
- **Shawano Lake (including Washington lake, Shawano lake outlet channel, Wolf River pond and Wolf river from the Shawano lake outlet channel upstream to Balsam Row Dam):** Only three walleye may be kept and they must be at least 18".
- **White Clay Lake:** 25 panfish may be kept, but only 10 of any one species.
- **Wolf River (downstream from the Shawano Paper Mill dam):** See the Winnebago System Waters regulations on p. 76.

SHEBOYGAN

Certain waters in Sheboygan County are designated as urban (or special) waters and have different regulations (see pages 22-23). Motor trolling is permitted county-wide (1 hook, bait or lure per person; 3 lines maximum per boat). Countywide, only 3 walleye, sauger or their hybrids may be kept and they must be at least 18".

- ☆ **Big Elkhart Lake:** Muskellunge must be at least 50".
- **Crystal Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept. Five northern pike of any length may be kept.
- **Lake Michigan:** See the Lake Michigan regulations on page 72.
- **Tributaries to Lake Michigan:** See the tributary regulations on page 69.
- **Sheboygan Marsh (including Sheboygan Lake and its tributaries upstream to the first road crossing):** ➡.

ST. CROIX

St. Croix County is in the ceded territory (see page 11 for additional ceded territory information). The county-wide daily bag limit on panfish in all inland waters is 10 in total. Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Bass Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- **Cedar Lake:** Only walleye less than 14" may be kept except one fish may be over 18".
- **Dry Dam Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only one northern pike may be kept and it must be at least 32".
- **Glen Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- **Lake George (Spring Valley Reservoir):** The daily bag limit on panfish is 25 in total.
- **Squaw Lake:** Only largemouth or smallmouth bass less than 14" may be kept except one fish may be over 18".
- **St. Croix River (including Lake St. Croix):** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.

Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

identifies quality fishing opportunity

TAYLOR

Taylor County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person). A portion of Taylor County is in the Northern Bass Zone (see base regulations on p. 10).

- **Chequamegon Waters (also called Miller Dam Flowage):** During the months of May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **Jump River (and tributaries to the first dam or lake):** Only walleye less than 14" may be kept, except one fish may be over 18".
- **Kathryn Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Rib Lake:** 25 panfish may be kept, but only 10 of any one species.
- **Spruce Lake:** Largemouth and smallmouth bass of any length may be kept.
- **Twin lakes, North and South:** Largemouth and smallmouth bass of any length may be kept.

TREMPEALEAU

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Black River (including tributaries up to the first road crossing or dam):** ➤
- **Buffalo River** upstream of Hwy 93 bridge (including tributaries): Five northern pike of any length may be kept.
- **Mississippi River:** Is part of the Wisconsin-Minnesota boundary waters. See those regulations on page 66.
- **Osseo Club Pond:** Largemouth and smallmouth bass of any length may be kept.
- **Trempealeau River** upstream of the dam in Blair (including tributaries): Five northern pike of any length may be kept.

VERNON

Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- ☆ **Jersey Valley Lake:** Only one largemouth or smallmouth bass may be kept and it has to be at least 18".
- **Mississippi River:** Contains both Wisconsin-Minnesota (page 66) and Wisconsin-Iowa (page 68) boundary waters. The Minnesota-Iowa state line is approximately 1.3 miles north of Victory. Please see the proper regulations for those waters.

VILAS

Vilas County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (1 hook, bait or lure per person; 3 lines maximum per boat), Northern Bass Zone rules apply (see p. 10).

- **Alder Lake:** Walleye of any length may be kept, but only one fish may be over 14".
- **Allequash Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- ☆ **Annabelle Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Averill Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Arbor Vitae Lakes (Big and Little):** Walleye of any length may be kept, but only one fish can be over 14".
- **Basin Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- **Bear River:** Walleye of any length may be kept.
- **Big Lake (S13, T43N, R8E):** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- ☆ **Big Lake (S4, T42N, R6E):** Walleye of any length may be kept, but only one fish can be over 14". Largemouth and smallmouth bass may not be kept (catch and release only).
- **Big Bateau Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.

- **Big Crooked Lake (S12, T42N, R6E):** Walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Big Muskellunge Lake:** Walleye of any length may be kept, but only one fish can be over 14". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Big Portage Lake:** Only walleye less than 14" may be kept, except one fish may be over 18". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **Big Sand Lake:** Muskellunge must be at least 50". 25 panfish of any size may be kept, except 5 or fewer can be bluegill and pumpkinseed over 7".
- **Birch Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Bittersweet Lake:** Largemouth and smallmouth bass may not be kept.
- **Boulder Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Walleye of any length may be kept, but only one fish can be over 14".
- **Buckskin Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Clear Lake (T42N, R5E, S12):** Walleye of any length may be kept, but only one fish can be over 14".
- **Crab Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Crampton Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- **Cranberry Lake (Eagle Chain - see Oneida Co):** Only walleye and sauger less than 14" may be kept, except one fish over 18" may be kept.
- **Crystal Lake (S1, T42N, R10E):** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- **Cyrus Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- ☆ **Dead Pike Lake:** Walleye must be at least 18".
- ☆ **Deerskin Lake:** Walleye must be at least 18".
- **Eagle Chain (and connecting waters including Catfish, Cranberry, Duck, Eagle, Lynx, Otter, Scattering Rice, Voyageur, Watersmeet and Yellow Birch lakes combined):** Only walleye less than 14" may be kept except, one fish may be over 18".
- ☆ **Ellerson Lakes (East and Middle):** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Escanaba Lake:** Fishing season is open all year. Only one walleye may be kept and it must be at least 28". Lead tackle less than 1" in diameter or 1 oz. in weight is prohibited.
- **Fawn Lake (T42N, R5E, S11):** Walleye of any length may be kept, but only one fish can be over 14".
- **Fishtrap Lake:** 15 panfish may be kept, but only 5 of any one species.
- ☆ **Forest Lake:** Only walleye less than 14" may be kept except, one fish may be over 18". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Found Lake:** Walleye must be at least 18".
- **Gresham Lake, Upper:** Muskellunge must be at least 28".
- ☆ **Gunlock Lake:** Walleye must be at least 18". 25 panfish of any size may be kept, except 5 or fewer can be bluegill and pumpkinseed over 7". Only largemouth and smallmouth bass less than 14" may be kept, except one fish over 18" may be kept.
- **Harris Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **High Lake:** 15 panfish may be kept, but only 5 of any one species.
- **Ike Walton Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Island Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Jenny Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Kentuck Lake:** 25 panfish may be kept, but only 10 of any one species. Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **Lac Vieux Desert:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64. Only three walleye may be kept and they must be at least 18".
- **Laura Lake:** Walleye of any length may be kept, but only one fish can be over 14".

Hook and line fishing is open all year for all fish species except muskellunge, lake sturgeon, trout, paddlefish and threatened or endangered fish.

identifies quality fishing opportunity

- ☆ **Little Bass Lake (S15, T40N R8E):** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Little Presque Isle Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- ☆ **Little St. Germain:** 25 panfish may be kept, but only 10 of any one species. Muskellunge must be at least 50".
- **Little Star Lake (T42N, R5E, S22):** Walleye of any length may be kept, but only one fish can be over 14".
- **Little Trout Lake:** Walleye must be at least 18".
- ☆ **Long Lake:** Muskellunge must be at least 50". Walleye must be at least 18".
- **Lost Canoe Lake:** Only walleye less than 14" may be kept, except one fish may be over 18".
- **Mamie Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- **Manitowish Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Manitowish River (includes Benson, Sturgeon and Vance lakes) :** Walleye of any length may be kept.
- **Mill Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- **Mystery Lake:** There is a continuous open season on all species. Walleye of any length may be kept.
- **Nebish Lake:** There is a continuous open season on all species. Only bass 14" or less can be kept. Lead tackle less than 1" in diameter or 1 oz. in weight is prohibited. Walleye of any length may be kept.
- **North Crab Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Norwood Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- ☆ **Oberlin Lake:** Largemouth and smallmouth bass may not be kept (catch and release only).
- **Oxbow Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- ☆ **Palette Lake:** There is a continuous open season on all species. Only one smallmouth bass may be kept and it must be at least 22". The lake trout season is closed. Lead tackle less than 1" in diameter or 1 oz. in weight is prohibited. Walleye of any length may be kept.
- **Palmer Lake:** 25 panfish may be kept, but only 10 of any one species.
- ☆ **Papoose Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Partridge Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **Pickeral Lake:** 25 panfish may be kept, but only 10 of any one species.
- **Pike Lake Chain (Amik, Pike, Round and Turner lakes combined):** Walleye of any length may be kept, but only one fish can be over 14".
- **Plum Lake (S9, T43N, R8E):** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- ☆ **Plum Lake (S36, T41N R7E):** Only walleye less than 14" may be kept except one may be over 18". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Presque Isle Chain (Including Presque Isle, Averill, Van Vliet lakes combined):** Walleye of any length may be kept, but only one fish can be over 14". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **Prong Lake:** Largemouth and smallmouth bass may not be kept (catch and release only).
- ☆ **Razorback Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Rest Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Roach Lake (S7, T43N, R8E):** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- **Rock Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Rush Lake:** 15 panfish may be kept, but only 5 of any one species.

- ☆ **Salsich Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Sanford Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Sherman Lake:** Walleye of any length may be kept.
- **Shishebogama Lake:** Walleye must be at least 18". 25 panfish of any size may be kept, except 5 or fewer can be bluegill and pumpkinseed over 7". Only largemouth and smallmouth bass less than 14" may be kept, except one fish over 18" may be kept.
- ☆ **Smith Lake:** Largemouth and smallmouth bass may not be kept (catch and release only).
- **Smoky Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- ☆ **Sparkling Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Walleye must be at least 18".
- **Spider Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Spruce Lake:** There is a continuous open season on all species. Only artificial flies and lures may be used. Largemouth bass season is open all year; only two may be kept and they must be at least 12". Walleye of any length may be kept.
- **Squaw Lake:** Walleye of any length may be kept, but only one fish can be over 14". Muskellunge must be at least 28".
- **Star Lake:** Walleye of any length may be kept, but only one fish can be over 14". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Stateline Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- **Stone Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Tenderfoot Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- **Trilby Lake:** There is no open season.
- ☆ **Trout Lake:** Muskellunge must be at least 50". Only 10 whitefish and cisco in combination may be kept. Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **Turtle Lakes (North and South):** Walleye of any length may be kept, but only one fish can be over 14".
- **Twin Lakes (North and South, combined):** Muskellunge must be at least 50". Walleye over 15" but less than 20" may be kept, except one fish can be over 24".
- ☆ **Wabasso Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- **West Bay Lake:** Is part of the Wisconsin-Michigan boundary waters. See those regulations on page 64.
- ☆ **West Plum Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only walleye less than 14" may be kept except one may be over 18".
- ☆ **White Sand Lake—Hwy. K (T42N, R7E, S27):** Walleye must be at least 18". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **Whitney Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only two northern pike may be kept and they must be at least 26".
- **Wild Rice Lake:** Walleye of any length may be kept, but only one fish can be over 14".

WALWORTH

Certain waters in Walworth County are designated as urban (or special) waters and have different regulations (see pages 22-23). Motor trolling is permitted county-wide (3 hooks, baits or lures per person). Countywide, only 3 walleye, sauger or their hybrids may be kept and they must be at least 18".

- **Beulah Lake:** Only largemouth and smallmouth bass less than 12" and over 16" may be kept.
- ☆ **Delavan Lake:** Only one northern pike may be kept and it must be at least 32". Only one largemouth or smallmouth bass may be kept and it must be at least 18".
- ☆ **Geneva Lake:** Muskellunge must be at least 50". Only one northern pike may be kept and it must be at least 32".

- **Lauderdale Lakes (Green, Middle and Mill):** Only largemouth or smallmouth bass less than 14" may be kept, except one fish may be over 18".
- **Lulu Lake:** Only 10 panfish may be kept. Only largemouth or smallmouth bass less than 14" may be kept, except one fish may be over 18". Only one northern pike may be kept and it must be at least 32".
- **Mukwonago River (between Eagle Spring Lake and Lulu Lake):** Only largemouth or smallmouth bass less than 14" may be kept, except one fish may be over 18".
- **Tripp Lake:** 25 panfish may be kept, but only 10 of any one species.

WASHBURN

Washburn County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person). *With the exceptions below, there is no minimum length limit on largemouth and smallmouth bass in all waters of Washburn County.* A portion of Washburn County is in the Northern Bass Zone (see base regulations on p. 10).

- ☆ **Balsam Lake:** Walleye must be at least 18". Largemouth and smallmouth bass must be at least 14".
- **Bass (Patterson) Lake (S17, T40N, R10W):** Walleye of any length may be kept, but only one fish can be over 14".
- **Bear Lake:** Walleye must be at least 18".
- **Big McKenzie Lake:** Walleye must be at least 18".
- **Birch Lake:** The daily bag limit of panfish is 25, of which only 10 can be bluegill. Walleye must be at least 18"
- **Long Lake (including Mud and Little Mud lakes combined):** Walleye must be at least 18".
- **Middle McKenzie Lake:** Walleye must be at least 18".
- **Minong Flowage (including Cranberry Lake; upstream to the confluence of Totagatic River and Bergen Creek):** Walleye of any length may be kept, but only one fish can be over 14".
- **Namekagon River:** Largemouth and smallmouth bass must be at least 14"
- **Nancy Lake:** Walleye must be at least 18".
- **Red Cedar Lake:** Walleye must be at least 18" Largemouth and smallmouth bass must be at least 14".
- **Shell Lake:** Walleye of any length may be kept, but only one fish can be over 14".
- **Slim Lake:** Only two northern pike may be kept and they must be at least 26".
- **Totagatic River:** Largemouth and smallmouth bass must be at least 14".
- **Trego Flowage:** Largemouth and smallmouth bass must be at least 14".

WASHINGTON

Certain waters in Washington County are designated as urban (or special) waters and have different regulations (see pages 22-23). Motor trolling is permitted county-wide (3 hooks, baits or lures per person). Countywide, only 3 walleye, sauger or their hybrids may be kept and they must be at least 18".

- **Cedar Lake, Big:** 25 panfish may be kept, but only 10 of any one species. Only one northern pike may be kept and it must be at least 40".
- **Cedar Lake, Little:** 25 panfish may be kept, but only 10 of any one species. Five northern pike of any length may be kept.
- **Erler Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only 10 panfish may be kept.
- **Gilbert Lake:** Only one northern pike may be kept and it must be at least 40".
- **Lake Twelve:** Only one largemouth or smallmouth bass may be kept and it must be at least 18" Only 10 panfish may be kept.
- **Silver Lake:** 15 panfish may be kept, but only 5 of any one species.

WAUKESHA

Motor trolling is permitted county-wide (3 hooks, baits or lures per person). Certain waters in Waukesha County are designated as urban (or special) waters and have different regulations (see page 22-23) Countywide, only 3 walleye and sauger and their hybrids may be kept and they must be at least 18" (see Lac LaBelle exception).

- ☆ **Big Muskego (including Bass Bay):** Only one largemouth or smallmouth bass may be kept and it must be at least 18". Only 15 panfish may be kept and they must be at least 8". Only one northern pike may be kept and it must be at least 40".
- **Eagle Spring Lake:** Only 10 panfish may be kept. Only largemouth or smallmouth bass less than 14" may be kept, except one fish may be over 18". Only one northern pike may be kept and it must be at least 32".
- ☆ **Lac LaBelle:** Only one walleye may be kept and it must be at least 28". There is a closed season on flathead catfish. Only 15 panfish may be kept. Only one northern pike may be kept and it must be at least 32".
- **Lulu Lake (and connecting portions of the Mukwonago River):** Only largemouth or smallmouth bass less than 14" may be kept, except one fish may be over 18"
- ☆ **Pewaukee Lake:** Only one northern pike may be kept and it must be at least 32".

WAUPACA

The county-wide daily bag limit on catfish is 25, except on Winnebago system waters (see p. 76). Motor trolling is permitted county-wide (1 hook, bait or lure per person; 3 lines maximum per boat).

- **Brekke Lake:** Only largemouth or smallmouth bass less than 14" may be kept, except one fish may be over 18".
- **Campbell Lake:** ➡
- **Cincoe Lake:** See the Winnebago System Waters regulations on p. 76.
- **Crystal Lake:** ➡
- **Embarrass River:** See the Winnebago System Waters regulations on p. 76.
- **Graham Lake:** 15 panfish may be kept, but only 5 of any one species.
- **Hartman Creek State Park lakes (Allen, Hartman and Mid):** 15 panfish may be kept, but only 5 of any one species.
- **Kinney Lake:** ➡
- **Little Wolf River (downstream from the dam at Manawa):** See the Winnebago System Waters regulations on p. 76
- **Marion Pond:** Only two northern pike may be kept and they must be at least 26".
- **Partridge Crop Lake:** See the Winnebago System Waters regulations on p. 76.
- **Partridge Lake:** See the Winnebago System Waters regulations on p. 76.
- **School Section Lake:** 25 panfish may be kept, but only 10 of any one species.
- **Shadow Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **Stratton Lake:** 25 panfish may be kept, but only 10 of any one species.
- **Waupaca River (downstream from the dam at Weyauwega):** See the Winnebago System Waters regulations on p. 76.
- **White Lake:** 25 panfish may be kept, but only 10 of any one species.
- **Wolf River:** See the Winnebago System Waters regulations on p. 76.

WAUSHARA

The county-wide daily bag limit on catfish is 25, except on Winnebago system waters (see p. 76). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Alpine Lake:** Five northern pike of any length may be kept.
- **Bean's Lake:** ➡
- **Big Hills Lake:** 25 panfish may be kept, but only 10 of any one species. Largemouth bass of any length may be kept.
- **Fox River:** See the Winnebago System Waters regulations on p. 76.

- ☆ **Hartford Lake:** Only one largemouth or smallmouth bass may be kept and it must be at least 18". The combined daily bag limit on panfish is 10 in total.
- **Irogami Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **Johns Lake:** Largemouth bass of any length may be kept.
- **Kusel Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept.
- **Lake Poygan:** See the Winnebago System Waters regulations on p. 76.
- **Little Hills Lake:** Largemouth and smallmouth bass of any length may be kept. The combined daily bag limit on panfish is 10 in total.
- **Pine River (downstream from the dam at Poysippi):** See the Winnebago System Waters regulations on p. 76.
- **Porters Lake:** 15 panfish may be kept, but only 5 of any one species.
- **Pumpkinseed Creek:** See the Winnebago System Waters regulations on p. 76.
- ☆ **Round Lake (S35, T20N, R11E):** Only largemouth or smallmouth bass less than 14" may be kept, except one fish may be over 18" with a daily bag limit of 3 in total.
- **Willow Creek (downstream from the dam at Auroraville):** See the Winnebago System Waters regulations on p. 76.
- **Witters Lake:** 15 panfish may be kept, but only 5 of any one species. Largemouth and smallmouth bass of any length may be kept.

WINNEBAGO

The county-wide daily bag limit on catfish is 25, except on Winnebago system waters (see p. 76). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- **Little Lake Butte des Morts (Neenah-Menasha dams downstream to Appleton Lock 1):** ➤. Five northern pike of any length may be kept. Walleye, sauger and their hybrids of any length may be kept. The open season on muskellunge is May 26 to November 30 and they must be at least 50".
- **Winnebago system waters from the Neenah-Menasha Dams upstream, including the upper Fox and Wolf Rivers, Lakes Winnebago, Butte des Morts, Winneconne, Poygan and other connected waters:** See the Winnebago System Waters regulations on p. 76.

WOOD

Wood County is in the ceded territory (see page 11 for additional ceded territory information). Motor trolling is permitted county-wide (3 hooks, baits or lures per person).

- ☆ **Buena Vista Creek (upstream to the Nepco Dam):** ➤ Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".
- ☆ **Nepco Lake:** During May and June, 15 panfish may be kept, but only 5 of any one species. During the remainder of the season, 25 panfish may be kept. Only three walleye, sauger, and their hybrids may be kept and they must be at least 18".
- ☆ **Wazeecha Lake:** Only three walleye, sauger, and their hybrids may be kept and they must be at least 18".
- ☆ **Wisconsin River (including all sloughs, bayous, and flowages upstream to the first dam or highway bridge):** ➤. Only one northern pike may be kept and it must be at least 32". Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28". Muskellunge must be at least 50".
- ☆ **Yellow River (downstream from the Hwy 54 dam at Dexterville including all sloughs, bayous, and flowages upstream to the first dam or highway bridge):** ➤ Only walleye and sauger from 15" but less than 20" may be kept, except one fish may be over 28".

Alternatives to lead?

The tackle industry has begun to create tungsten, glass, copper, steel, tin, bismuth, or plastic sinkers. Consider using nonlead tackle when you go fishing.

Here's what you can do to help: 1) Ask local sporting good stores to stock nonlead fishing tackle. 2) Spread the word by telling other anglers about the problem. 3) Dispose of old lead sinkers and jigs properly by locating a drop-off location.

BRING THE PAPER!

(when fishing the BIG waters)

REMEMBER...

You must carry a paper copy of your license and stamps while fishing on the waters of Lake Michigan, Lake Superior, and the WI/MI, WI/MN and WI/IA boundary waters.

TACKLE LOANER PROGRAM

No Gear? No problem. Borrow ours!

No fishing rod? That's okay. We have fishing equipment you can borrow at several DNR offices and state parks and facilities. There is no charge to borrow the equipment -- just enjoy your day fishing in Wisconsin and return the equipment in the condition you received it (or better) so that the next person can enjoy it.

Available gear

While special lures and fresh bait are not provided, we generally have the following basic equipment at most sites:

- many closed face fishing rods and reels;
- a few open face rods and reels;
- casting plugs;
- bobbers; and
- hooks, lines and sinkers

<http://dnr.wi.gov/topic/Fishing/AnglerEducation/LoanerContacts.html>

FISH WISCONSIN!

Free Fishing Weekend • June 2-3, 2018

OPEN SEASONS, LENGTH LIMITS, and BAG LIMITS

GENERAL INLAND WATERS

*Remember: Also check the *Special Regulations—Listed by County* section, the Great Lakes, the Winnebago System Waters, the Boundary Waters tables and the Tributary Streams to Green Bay and Lake Michigan table.

FISH SPECIES – NOTE: Species not listed have no open season (e.g., American eel, grass pickerel)	OPEN SEASON (all dates inclusive)	DAILY LIMIT	MINIMUM LENGTH
LARGEMOUTH BASS (LMB)	May 5 – March 3	5	14 inches
SMALLMOUTH BASS (SMB)			
Northern Zone (see map on page 10)	May 5–June 15	0 (catch and release only)	
Other inland waters	June 16 - March 3	5 in total with LMB	14 inches
ROCK, YELLOW (STRIPED) and WHITE BASS	May 5 – March 3	5 in total with LMB	14 inches
PANFISH: BLUEGILL, PUMPKINSEED, SUNFISH, CRAPPIE and YELLOW PERCH	open all year	none	none
BULLHEADS and ROUGH FISH (see definition on page 16)	open all year	25 in total	none
CATFISH (CHANNEL, FLATHEAD)	open all year	none	none
CISCO and WHITEFISH	open all year	10 in total	none
	open all year	25 pounds plus one more fish of either species in total	none
MUSKELLUNGE (INCLUDES HYBRIDS)			
Northern Zone: Inland waters north of U.S. Hwy 10 (excluding Wis-Mich. boundary waters)	May 26 – Nov 30	1	40 inches
Southern Zone: Inland waters south of U.S. Hwy 10	May 5 – Dec. 31	1	40 inches
NORTHERN PIKE			
Northern Zone: Inland waters north of US Hwy 10 (excluding Wis-Mich. boundary waters)	May 5 – March 3	5	none
Southern Zone: Inland waters south of US Hwy 10	May 5 – March 3	2	26 inches
PADDLEFISH (SPOONBILL CATFISH)			
RUFFE, WHITE PERCH, GOBIES and other nonnative detrimental fish species	Closed all year—no fishing for paddlefish. Open all year—one may be killed and possessed for transport to a WDNR office—0 bag limit		

LAKE STURGEON Chippewa River: West Fork downstream from Moose Lake Dam (Sawyer Co.) and East Fork (Ashland Co.) downstream to the confluence of the Mississippi River (Pepin Co.) including sloughs, bayous, and flowages upstream to first highway or railroad bridge. Flambeau River: N Fork from Turtle-Flambeau Dam (Iron Co.) and S Fork (Price Co.) downstream to the confluence with the Chippewa River (Rusk Co.) including sloughs, bayous, and flowages upstream to the first dam or highway bridge. Butternut Lake (Price Co.) Jump River from the North and South Forks to the confluence with the Chippewa River (Rusk Co.); Yellow, Little Yellow, and Danbury Flowage chain of lakes (Burnett Co.); Wisconsin River below the Wisconsin Dells Dam (Columbia Co.) downstream.	Sept. 1 – Sept. 30 (All Lake sturgeon taken with hook and line must be tagged and registered. See page 6 for more information).	1 per season	60 inches
Other inland waters	Closed all year — no fishing for lake sturgeon		
SHOVELNOSE STURGEON			
Lower Wisconsin River from the Prairie du Sac Dam downstream	Open all year	3	none
All other inland waters	Closed all year— no fishing for shovelnose sturgeon		
WALLEYE and SAUGER (INCLUDES HYBRIDS).			
Most waters in the Ceded Territory (see page 11 for map and further information)	May 5 – March 3	3 in total	15"-20" may be kept; with one over 24 inches
Most other inland waters.	May 5 – March 3	5 in total	15 inches
TROUT and SALMON —see the <i>2018–2019 Guide to Wisconsin Trout Fishing</i> or the Lake Superior, Lake Michigan and Tributary Streams tables on pages 69-75..

WISCONSIN-MICHIGAN BOUNDARY WATERS

Includes the Brule, Menominee and Montreal rivers and their sloughs and flowages; that portion of Green Bay at the mouth of the Menominee River between the "government pier" or break wall on the south and the "lighthouse pier" or breakwall on the north and a line connecting the eastern-most points of those breakwaters on the east; and Basin, Big, Big Bateau, Crampton, Crystal, Gyrus, LacVieux Desert, Little Presque Isle, Mamie, Mill, Norwood, Plum, Roach, Smoky, State Line, Tenderfoot and West Bay lakes.

FISHING RESTRICTIONS ON WISCONSIN-MICHIGAN BOUNDARY WATERS

- *Please note: Anglers must carry a paper copy of their license while fishing the Wisconsin-Michigan boundary waters*
- **Each angler may fish with not more than a total of three baits, lures or hooks.**
- You may not take more than the daily bag limit of fish in a single day. The possession limit or maximum number of fish you may have in your possession at any time is the same as the daily bag limit.
- **Goldfish, alewife and live crayfish may not be possessed or used for bait** on Wisconsin-Michigan boundary waters.
- Ice fishing: Angler name and address must be prominently displayed on ice fishing shelters (portable or otherwise) when not occupied or otherwise in use.
- It is illegal to fish using any method other than hook and line within 200 feet of any fishway, lock or dam.
- Motor trolling is permitted on Wisconsin-Michigan Boundary Waters with 3 hooks, baits, or lures per person except Vilas County boundary waters, where trolling is allowed with 1 hook, bait or lure per person and 2 lines maximum per boat..
- Wisconsin residents need a Wisconsin fishing license and a Michigan resident needs a Michigan fishing license to fish these waters. Residents of other states need a nonresident license from Wisconsin or Michigan. Regulations on these waters differ between the two states. You must obey the regulation of the state in which you are fishing. Wisconsin license holders must have a valid Great Lakes Trout and Salmon stamp privilege (except with a two-day Sports Fishing License) to fish trout or salmon in the Menominee River from the Hattie Street Dam downstream to the eastern end of the breakwalls in Green Bay.

FISH SPECIES	OPEN SEASON (all dates inclusive)	DAILY LIMIT	MINIMUM LENGTH
LARGEMOUTH BASS (LMB)	May 5 – Dec. 31	5	14 inches
SMALLMOUTH BASS (SMB)	May 5 – June 15	0 (catch and release only)	
All boundary waters	June 16 – Dec. 31	5 in total with LMB	14 inches
MUSKELLUNGE (INCLUDES HYBRIDS)	May 15 – Nov. 30	1	40 inches
Look for signs and inquire locally			
Menominee River—From the Hattie Street Dam in the city of Marinette downstream to the eastern end of the breakwalls in Green Bay	May 15 – Nov. 30	1	54 inches

NORTHERN PIKE	May 5–March 1	5	none
YELLOW PERCH, WHITE BASS, YELLOW (STRIPED) BASS, CRAPPIE, BLUEGILL and PUMPKINSEED (SUNFISH)	open all year	25 in total	none
TROUT and SALMON			
Smoky Lake, Menominee River from its mouth upstream to the first dam	open all year	5 in total	10 inches
Brule River upstream from Hwy 2	April 28 – Sept. 30	5 in total	brook trout 8 inches brown trout 12 inches
Brule River downstream from Hwy 2 and other Wisconsin-Michigan Boundary Waters	April 28 – Sept. 30	5 in total	7 inches
LAKE STURGEON (Lake sturgeon taken with hook and line must be tagged and registered. See page 6 for more information.)			
Upstream from the Grand Rapids Dam on the Menominee River.	Sept. 1 – Sept. 30	1 per season	60 inches
Downstream from the Grands Rapid Dam on the Menominee River.	Sept. 1 – Sept. 30	0 (catch and release only)	
WALLEYE and SAUGER (INCLUDES HYBRIDS) Some waters may have lower bag limits. Look for signs and inquire locally.			
In lakes	May 5 – March 1	5 in total	15 inches
In rivers and their flowages	March 2 – May 4	1	15 inches
	May 5 – March 1	5 in total	15 inches
CISCO and WHITEFISH	open all year	10 in total	none
RUFFE	no open season—one may be killed and possessed for transport to a WDNR Service Center or Regional Office.		
CATFISH	open all year	10	none
ALL OTHER SPECIES (regulated by general inland regulations p. 62-63)			

WISCONSIN-MINNESOTA BOUNDARY WATERS

Applies to the stretch of the Mississippi River shared by Wisconsin and Minnesota lying between the Burlington Northern and Santa Fe railroad tracks on the Wisconsin side of the river and the Chicago, Milwaukee, St. Paul, and Pacific railroad tracks on the Minnesota side of the river, including Lake Pepin and Lake St. Croix; the St. Croix River from the Burlington Northern railroad bridge at Prescott north to the point where the river is no longer a boundary between Wisconsin and Minnesota; and the St. Louis River, including St. Louis Bay, Superior Bay, Allouez Bay, Kimballs Bay, Little Pockama Bay, and Pockama Bay.

FISHING RESTRICTIONS ON WISCONSIN-MINNESOTA BOUNDARY WATERS

- *Please note: Anglers must carry a paper copy of their license while fishing the Wisconsin-Minnesota boundary waters*
- **Goldfish and alewife may not be possessed or used for bait. Live rusty crayfish and native species of crayfish may be used for bait on the Mississippi River ONLY**—not on other Wisconsin-Minnesota boundary waters. Other non-native crayfish may not be possessed live. Live crayfish may not be used as bait within the federal zone of the St. Croix National Scenic Riverway.
- It is illegal to fish using any method other than hook and line within 200 feet of any fishway, lock or dam on the Mississippi River and within 200 feet of these structures on any other water.
- Motor trolling is permitted on Wisconsin-Minnesota boundary waters with 3 hooks, baits or lures per person and no maximum number of lines per boat.
- Wisconsin residents need a Wisconsin fishing license and Minnesota residents need a Minnesota license to fish in these boundary waters. Residents of other states need a nonresident license from Wisconsin or Minnesota. **Regulations on these waters may differ between states. You must obey the regulations of the state in which you are fishing.**
- Fishing is prohibited within 300 feet below the Red Wing Dam and Alma Dam from March 1 through April 30 and within 300 feet below the Onalaska Dam from March 15 through April 25.
- Ice fishing: Angler name and address must be prominently displayed on ice fishing shelters (portable or otherwise) when the shelter is not occupied or otherwise in use.

FISH SPECIES	OPEN SEASON (all dates inclusive)	DAILY LIMIT	MINIMUM LENGTH
LARGEMOUTH and SMALLMOUTH BASS			
St. Louis R. and the St. Croix R. downstream of the St. Croix Falls Dam	May 26 – March 1	5 in total	14 inches
St. Croix R. upstream of the St. Croix Falls Dam	May 26 - Sept. 9	5 in total	14 inches
Mississippi R.	Sept. 10 - March 1	0 (catch and release only)	
	open all year	5 in total	14 inches
CATFISH (CHANNEL and FLATHEAD)			
St. Louis R. and the St. Croix R. downstream to Hwy. 10 at Prescott	open all year	10 in total	none
Mississippi R.	open all year	25 in total	none

MUSKELLUNGE (INCLUDES HYBRIDS)				
Mississippi, St. Croix and St. Louis rivers	May 26 – Nov. 30	1		50 inches
NORTHERN PIKE				
St. Croix R. downstream to Hwy 10 at Prescott	Apr. 28 – March 1	5		none
Mississippi R.	open all year			
St. Louis River	May 12 – March 1	2		none
YELLOW PERCH, ROCK BASS, CRAPPIE	open all year	25 of each		none
BLUEGILL and PUMPKINSEED (SUNFISH)	open all year	25 in total		none
WHITE BASS and YELLOW BASS	open all year	25 in total		none
LAKE STURGEON (Lake sturgeon tagging and registering information on page 6).				
Mississippi R. upstream of Red Wing Dam; St. Croix R. from Prescott to Gordon Flowage.	June 16 - March 1	0 (catch and release only)		
St. Louis R, Nemadji R. and Mississippi R. downstream of the Red Wing Dam	June 16 - Apr. 14	0 (catch and release only)		
St. Croix R. downstream from the St. Croix Falls Dam	Sept. 1 – Sept. 30	1 per season		60 inches
	Oct. 1 - Oct. 15	0 (catch and release only)		
SHOVELNOSE STURGEON				
All Wisconsin-Minnesota boundary waters above the Red Wing Dam on the Mississippi River, St. Louis River, and St. Croix River.	June 16 - March 1	0 (catch and release only)		
All Wisconsin-Minnesota boundary waters below the Red Wing Dam on the Mississippi R.	open all year	10		none
WALLEYE and SAUGER (INCLUDES HYBRIDS)				
St. Croix R. downstream to Hwy. 10 at Prescott	Apr. 28 – March 1	6 in total		none for sauger;
St. Louis R.	May 12 – March 1	2 in total		15 inches for
Mississippi R.	open all year	6 in total		walleye
RUFFE, WHITE PERCH, GOBIES and other nonnative detrimental fish species	No open season—one may be killed and possessed for transport to a WDNR Service Center or Regional Office.			
TROUT and SALMON —see <i>Guide to Wisconsin Trout Fishing Regulations, 2018–2019</i>				

WISCONSIN-IOWA BOUNDARY WATERS (MISSISSIPPI RIVER)

Applies to the stretch of the Mississippi River shared by Wisconsin and Iowa lying between the Chicago, Milwaukee, St. Paul, and Pacific railroad tracks on the Iowa side of the river and the Burlington Northern and Sante Fe railroad tracks lying on the Wisconsin side of the river including all sloughs, bays, and backwaters.

FISHING RESTRICTIONS ON WISCONSIN-IOWA BOUNDARY WATERS

- *Please note: Anglers must carry a paper copy of their license while fishing the Wisconsin-Iowa boundary waters.*
- Goldfish and alewife may not be possessed or used for bait in the Mississippi River. Live rusty crayfish and native crayfish species are legal to use. **All other non-native crayfish may not be possessed live.**
- It is illegal to fish using any method other than hook and line within 200 feet of any fishway, lock or dam on the Mississippi River.
- Motor trolling is permitted on Wisconsin-Iowa boundary waters with 3 hooks, baits or lures per person and no maximum number of lines per boat.
- Ice fishing: Angler name and address must be prominently displayed on ice fishing shelters (portable or otherwise) when not occupied or otherwise in use.
- Wisconsin residents need a Wisconsin fishing license and Iowa residents need an Iowa fishing license to fish in these boundary waters. Residents of other states need a nonresident license from Wisconsin or Iowa. **Regulations on these waters may differ between states. You must obey the regulations of the state in which you are fishing.**

FISH SPECIES Species not listed governed by inland regulations (pages 62-63)	OPEN SEASON	DAILY LIMIT	MINIMUM LENGTH
LARGemouth and SMALLmouth BASS	open all year	5 in total	14 inches
CATfish (CHANNEL and FLATHEAD)	open all year	none	none
NORTHERN PIKE	open all year	5	none
YELLOW PERCH, ROCK BASS, CRAPPIE	open all year	25 of each	none
BLUEGILL and PUMPKINSEED (SUNFISH)	open all year	25 in total	none
WHITE BASS and YELLOW BASS	open all year	25 in total	none
LAKE STURGEON	closed all year—there is no fishing for lake sturgeon		
SHOVELNOSE STURGEON	open all year	none	none
WALLEYE and SAUGER (INCLUDES HYBRIDS)	open all year	6 in total	none for sauger; 15 inches for walleye

MAJOR GREEN BAY TRIBUTARIES and TRIBUTARIES TO LAKE MICHIGAN

MAJOR GREEN BAY TRIBUTARIES - Brown County : Duck Creek upstream to the first dam located on the Oneida Golf and Riding Club property excluding its tributaries; Suamico River upstream to CTH HS; East River upstream to Hoffman Rd (CTH XX) excluding its tributaries. **Marinette County:** Peshtigo River upstream to the Peshtigo Dam; Little River upstream to Radar Rd. **Oconto County :** Little Suamico River upstream to CTH J excluding tributaries; Pensaukee River upstream to CTH J excluding tributaries; Oconto River upstream to Stiles Dam excluding tributaries (except Little River); Little River upstream to Hwy 141 excluding tributaries.

TRIBUTARIES TO LAKE MICHIGAN - Kenosha & Racine counties: Pike and Root rivers and their tributaries **Kewaunee County:** Kewaunee river and its tributaries excluding Little Scarboro, Scarboro, Roger and Casco creeks **Milwaukee & Ozaukee counties:** Milwaukee River upstream to the Grafton Dam in the Village of Grafton and its tributaries upstream to the first dam or lake **Milwaukee & Waukesha counties:** Menomonee River upstream to the Lepper Dam in the Village of Menomonee Falls and its tributaries upstream to the first dam or lake **All bordering counties:** All other tributaries to Lake Michigan upstream to the first dam or lake.

Please note: The Menominee River, Wisconsin/Michigan boundary waters, see page 64, and the Fox River upstream to the DePere Dam, Lake Michigan, see page 72, are not considered tributary streams.)

GREEN BAY includes Lake Michigan waters located to the west of the Green Bay-Lake Michigan Line (Green Bay, Sturgeon Bay, Sawyer Harbor, and the Sturgeon Bay Ship Canal located north and west of the center of the WPS power lines and the Fox River from its mouth up to the dam at DePere). That line runs from Northport Dock northeasterly to Plum Island range light to the Plum Is. Coast Guard Station to Shellslick Dock (Lobdell's Point.) on Washington Is. along the west shore of Washington Is. to Boyer's Bluff light then north to the State line.

TRIBUTARY STREAMS TO GREEN BAY and LAKE MICHIGAN

- Major tributaries to Green Bay and tributaries to Lake Michigan are defined on page 69.
- Alewife may be used as bait in tributaries, rivers, and ditches upstream to the first dam or lake. Live crayfish may not be possessed while fishing on the tributaries.
- Motor trolling rules can be found in the Special Regulations - Listed by County section, or a two-day Sports Fishing License to fish for trout and salmon in the tributaries (up to the first dam or lake).
- All other statewide general fishing restrictions apply (see pages 8-11).
- Smelt and suckers: See the *2018-2019 Wisconsin Spawning and Netting Regulations* for regulations on dipnetting smelt and suckers in the tributaries.
- From September 15 to the first Saturday of the following May, you may not use hooks that have a gap size larger than one-half inch from point to shank.

- The following special regulations apply to the following waters:
- The section of the Peshtigo River upstream from the railroad bridge at the NE 1/4 of the NE 1/4 section 30, township 30 north, range 23 east (Peshtigo City Garage) to the first dam
 - The section of the Oconto River from the upstream side of Hwy 141 upstream to the first dam and the section of the Little River upstream from the Oconto River to Hwy 141;
 - All Lake Michigan tributaries and all other Green Bay tributary streams, rivers, and ditches upstream to their first dam or lake, except this DOES NOT apply to the Menominee River (Marquette Co.). See page 64 for WTM boundary water regulations.

- From September 15 to December 31, **fishing by any method** is prohibited from one-half hour after sunset to one-half hour before sunrise.
- January 1 to the first Saturday in May, **hook and line fishing** is prohibited from one-half hour after sunset to one-half hour before sunrise.

FISH SPECIES	OPEN SEASON (all dates inclusive)	DAILY LIMIT	MIN. LENGTH
ROUGH FISH (including suckers), ROCK BASS, WHITE BASS, YELLOW BASS and BULLHEADS			
All other tributaries to Green Bay upstream to the first dam or lake			
Tributaries to Lake Michigan and major Green Bay tributaries	May 5 – March 3 open all year	none; except 600 suckers none; except 600 suckers	none none
LARGE MOUTH BASS (LMB)			
All tributaries to Green Bay and Lake Michigan	May 5 – March 3	5 in total with SMB	14 inches
SMALL MOUTH BASS (SMB)			
All tributaries to Green Bay	May 5 – March 3	5 in total with LMB	14 inches
Tributaries to Lake Michigan north of Hwy. 29 (Door & Kewaunee Co.)	May 5 – June 15 June 16 – March 3	catch & release only 5 in total with LMB	14 inches
Tributaries to Lake Michigan south of Hwy. 29	May 5 – March 3	5 in total with LMB	14 inches
WALLEYE and SAUGER (INCLUDES HYBRIDS)			
Major Green Bay tributaries and tributaries to Lake Michigan north of Waldo Blvd, Manitowoc	March 5 – May 4, 2018	1	15 inches
Major Green Bay tributaries and tributaries to Lake Michigan north of Waldo Blvd, Manitowoc	May 5 – March 3	5 in total	15 inches
All other tributaries and ditches to Green Bay upstream to first dam/lake	May 5 – March 3	5 in total	15 inches
Tributaries to Lake Michigan south of Waldo Blvd, Manitowoc	open all year	5 in total	15 inches
MUSKELLUNGE (INCLUDES HYBRIDS)			
Lake Michigan tributaries north of Hwy. 10 (located in the counties of Marinette, Oconto, Brown, Door, Kewaunee and Manitowoc). All Green Bay tributaries upstream to the first dam or lake	May 26 – Nov. 30	1	54 inches
Lake Michigan tributaries south of Hwy. 10 (located in the counties of Manitowoc, Sheboygan, Ozaukee, Milwaukee, Racine and Kenosha)	May 5 – Dec. 31	1	40 inches

BLUEGILL, PUMPKINSEED, SUNFISH, YELLOW PERCH, and CRAPPIE			
Tributaries to Lake Michigan	open all year except yellow perch which is open June 16 –April 30	25 in total but only 5 may be yellow perch	none
Major Green Bay tributaries	Open all year except yellow perch which is open May 20 – March 15	25 in total but only 15 may be yellow perch	none
All other tributaries to Green Bay upstream to the first dam or lake.	May 5 – March 4 except yellow perch which is open May 20 – March 15	25 in total but only 15 may be yellow perch	none
NORTHERN PIKE			
Tributaries to Green Bay, (except major tributaries), tributaries to Lake Michigan North of US Hwy. 10 (except Kewaunee, East and West Twin, and Ahnapee rivers) up to the first dam or lake.	May 5 – March 3	5	none
Major Green Bay tribs, Kewaunee, East/West Twin, and Ahnapee rivers up to the first dam/lake.	open all year	5	none
Lake Michigan tributaries south of US Hwy. 10 (including the Manitowoc River)	open all year	2	26 inches
LAKE STURGEON			
	No open season		
RUFFE and GOBIES			
	No open season—one may be killed and taken to a WDNR office.		
CISCO AND WHITEFISH			
Major Green Bay and Lake Michigan tributaries	open all year	10 in total	none
All other tributaries and ditches to Green Bay upstream to first dam or lake	May 5 - March 3	10 in total	none
WHITE PERCH			
Tributaries to Lake Michigan and major Green Bay tributaries	open all year	none	none
All other tributaries and ditches to Green Bay upstream to the first dam or lake	May 5 – March 3	none	none
CATFISH (CHANNEL and FLATHEAD)			
Tributaries to Lake Michigan	open all year	10	none
Duck Creek upstream to the first dam located on the Oneida Golf and Riding Club property excluding its tributaries, Suamico River upstream to CTH HS, and the East River from the Fox River upstream to Hoffman Rd (CTH XX), Brown Co.	open all year	25	none
All other tributaries to Green Bay in Brown County	May 5 - March 3	25	none
All other tributaries to Green Bay	May 5 – March 3	10	none
TROUT and SALMON			
Tributaries to Lake Michigan and major Green Bay tributaries	open all year*,	5 in total*	10 inches
All other tributaries and ditches to Green Bay upstream to first dam or lake	May 5 – March 3		

*Lake trout season and/or bag limit were not determined at the time of printing.

LAKE MICHIGAN

Includes the Bay of Green Bay, the Fox River upstream to the DePere dam, Sturgeon Bay, other bays to Lake Michigan and Green Bay. See pages 69–71 for regulations for the tributary streams to Green Bay and Lake Michigan.

Fishing Restrictions on Lake Michigan Waters

- Lake trout may not be possessed while fishing within the area indicated on the map:

- All other statewide fishing restrictions apply (see pages 8-11).• Goldfish may not be possessed or used for bait. Alewife and live native crayfish may be used for bait on Lake Michigan. Non-native crayfish may only be possessed and used if dead.
- All ice fishing shelters must be removed daily and when not in use after the first Sunday following March 12 on Green Bay and Lake Michigan.
- Motor trolling is permitted on Lake Michigan with 3 hooks, baits or lures per person.
- You must have a fishing license and a Great Lakes trout and salmon stamp privilege or a valid two-day Sports Fishing License to fish for trout and salmon in Lake Michigan.
- Smelt and suckers: See the **2018-2019 Wisconsin Spearfishing and Netting Regulations** for regulations on taking smelt and suckers with nets and spears.
- All other statewide fishing restrictions apply (see pages 8-11).
- Please note: *Anglers must carry a paper copy of their license/stamps while fishing on Lake Michigan.*

Includes bays and harbors (except Allouez Bay, Superior Bay, St. Louis Bay, Little Pockegama Bay, Pockegama Bay, and Kimball's Bay) are considered boundary waters and are regulated by Wisconsin-Minnesota boundary water regulations). See the trout regulation pamphlet for regulations that apply to trout (including steelhead) and salmon caught from streams flowing into Lake Superior. Fish species not listed here are governed by general inland fishing regulations (pages 62-63) except for the St. Louis River, which is governed by Wisconsin-Minnesota boundary water regulations (pages 66-67).

- *Please note: Anglers must carry a paper copy of their license/stamps while fishing on Lake Superior.*
- No fishing is allowed in the refuge indicated on the map.
- **Goldfish and alewife may not be possessed or used for bait** in Lake Superior. Live native crayfish may be used for bait on Lake Superior, but not on streams that flow into the lake. Non-native crayfish may only be possessed and used if dead.
- All ice fishing shelters must be removed from Lake Superior waters by the first Sunday after March 12.
- Motor trolling is permitted on Lake Superior with 3 hooks, baits or lures per person.
- If you fish in Lake Superior waters that are under the jurisdiction of other states or Canada, make sure you have the appropriate fishing license first, and obey the fishing regulations issued by those states or provinces.
- **You must have a fishing license and a Great Lakes trout and salmon stamp privilege or a two-day Sports Fishing License to fish for trout and salmon in Lake Superior.** You need an inland trout stamp privilege to fish for trout and salmon, including steelhead, in streams that flow into Lake Superior.
- Smelt and other fish: See the *2018–2019 Wisconsin Spearing, Netting, and Bait Harvest Regulations* for regulations on taking smelt and other fish with nets and spears.

	Cumberland		Peshtigo	Wisconsin Rapids

Large walleye fingerling stocked from 2013-2017.

Year	No. stocked
2013	451,418
2014	714,222
2015	760,881
2016	797,815
2017	881,997

To stay informed about the Wisconsin Walleye Initiative, go to the DNR website, dnr.wi.gov, and search "walleye".

Large fingerling stocking

The number of large fingerling walleye (6 to 8 inches) increased significantly with Wisconsin Walleye Initiative funds. In 2013 this total was four times the previous high number of large fingerlings produced annually and it has grown substantially in the last three years.

Distribution of the density of large fingerling walleye stocked in 2017.

LEAVE NO LINE BEHIND

When monofilament fishing line is disposed of improperly, it can cause serious problems for wildlife, people, boat propellers and the environment. The DNR is coordinating a pilot project to collect this fishing line and recycle it into new products such as tackle boxes and fish habitat structures.

Fishing line causes problems when left in the water or put in the trash.

The monofilament line is being collected at DNR Service Centers as well as in outdoor collection bins hosted by local organizations.

For more information:
<http://dnr.wi.gov/topic/Recycling/FishingLine.html>
